

JAMIE GARZA **SCHOOL OF NURSING**

BECAUSE YOU GAVE...

Thank you for making this scholarship a reality for me and for all the selflessness involved in donating these funds. I began my program as a single mom of 3 kids and assistance from scholarships like this have made my life a lot easier and allowed me to focus less on work and more to be a student and mom.

WITH YOUR SUPPORT, I CAN...

This scholarship will help me afford to work less as I focus on being available for clinical hours to complete graduation. I planned to graduate in August 2020 and budgeted for that plan, but life got in the way and pushed my graduation date well into Winter 2020. With the funds I have received my burden will be lessened and I'm very grateful.

WHY I CHOSE TTUHSC...

I chose TTUHSC for my masters program because I am a graduate of the nursing BSN program. I found the faculty support and program amazing so I knew this was the best choice for me furthering my education. Tech is one of the few local universities offering CNM training and fosters programs to bring more providers to west Texas.

SCHOOL OF NURSING

BECAUSE YOU GAVE...

I want to sincerely thank you and let you know that I am very appreciative of this contribution to not only me but my family's success. My life has been surrounded with activities involving community service and professionalism. My humble beginnings helped to arouse within my spirit the need to serve others. My mom has an enormous caring soul, and she shared our home with numerous family members and my friends, caring for them as her children. I admired my mom for her selflessness and hope to continue to give back to the community as a nurse.

WITH YOUR SUPPORT, I CAN...

As an emerging Nurse Leader, it has always been my goal to enhance my leadership skills through advanced education. My goal is to obtain a Senior Leadership Position within the Veteran's Affairs system. The scholarship creates a unique opportunity to pursue the professional training and educational goals that I have set for myself. Ultimately, helping me advance my career in Nursing Leadership. This scholarship will help me accomplish one of my current purposes of completing a Doctoral program in Nursing at Texas Tech. The knowledge and understanding gained will then provide me the confidence necessary for any leader.

WHY I CHOSE TTUHSC...

I choose TTUHSC because I felt it was a good fit for me and my career goals. After researching several programs, I was intrigued that the program was a traditional school and not all online, which is the new wave. The program requires you to be upfront and personal with your instructors, and not just another number behind a computer screen. I have not been in school since 2008 after graduating with a master's degree in nursing administration and thought I need more traditional schooling. So, I sought out programs with these criteria and I'm so glad I found TTUHSC.
