JERRY H. HODGE SCHOOL OF PHARMACY

BECAUSE YOU GAVE...

I would like to say thank you so much for your donation, as it truly does make a huge difference to us students that struggle with being financially independent. Personally, I am unemployed since it is difficult for me to work during the school year, and I am in a long distance relationship due to our educations. This means that along with the burden of tuition, I receive no income and must pay for travel expenses to see my significant other. This donation is making everything going on in my personal life a little bit more positive.

WITH YOUR SUPPORT, I CAN...

This \$750 scholarship will help me immensely in paying for tuition for the 2019-2020 school year, as well as in maintaining my membership in Phi Delta Chi and other organizations I am interested in. I am also in a very long distance relationship at the moment due to school and that takes up a lot of my money that could be used for school.

WHY I CHOSE TTUHSC...

I grew up in Lubbock and have always found the Lubbock campus beautiful. My goal all along was to go into the field of healthcare and so Texas Tech was an obvious choice for me due to proximity to my friends and family, cost, and quality of education.

TEXAS TECH UNIVERSITY
HEALTH SCIENCES CENTER.
