

ANA SAFRI

JERRY H. HODGE SCHOOL OF PHARMACY

BECAUSE YOU GAVE...

Thank you so much for allowing me to not merely study pharmacy, but excel at the subject and become a better community member while doing it.

WITH YOUR SUPPORT, I CAN...

This scholarship will help me tremendously. I am getting through pharmacy school with federal loans, which cover my housing, tuition, and other necessary costs. Last year, I went on a medical mission trip to Peru to serve with health fairs, local orphanages, and other projects sponsored by the Foundation for International Medical Relief of Children. This Summer, I was blessed with the opportunity to travel to Tajikistan to train teachers to teach English in their government schools. It is programs and service opportunities like this that allow me to gain the most out of my experience and allow me to give back to communities. It is scholarships like this one that make opportunities like that a possibility.

WHY I CHOSE TTUHSC...

I chose TTUHSC because of the environment. I interviewed at a lot of schools before interviewing at Texas Tech. All schools preach a family-like and close-knit support group but it was not until I got here that I truly understood what that meant. I wanted to be at a place that was nurturing and supportive through a rigorous program, and that is what Tech does. Additionally, I was really impressed by the school's curriculum and the number of clinical experience hours offered to students.

TEXAS TECH UNIVERSITY
HEALTH SCIENCES CENTER.
