BECAUSE YOU GAVE...

I would like to say thank you very much for the generous donation you have put towards this scholarship. I am honored to receive this scholarship and will work my hardest to obtain this scholarship. Thank you again for giving me this opportunity. I appreciate it so much!

WITH YOUR SUPPORT, I CAN...

This scholarship will help me immensely in paying my tuition for pharmacy school.

WHY I CHOSE TTUHSC...

I chose TTUHSC because I love the atmosphere. The TTUHSC campus in Amarillo is not too far from my home. Therefore, I am able to continue to further my education in becoming a pharmacist while staying close to the place I love and adore. I also chose TTUHSC because the staff is very helpful and friendly. I am so excited to start pharmacy school in the fall at TTUHSC.

BECAUSE YOU GAVE...

I appreciate the awards of the scholarship greatly. It will tremendously help with tuition, as it is costly. It will help me achieve my goals of becoming a Doctor of Pharmacy. I am always eager to achieve the best outcomes for the patient, and by accomplishing my goal of becoming a pharmacist, I will be able to do this for my community.

WITH YOUR SUPPORT, I CAN...

The funds are a tremendous help with paying for costly tuition. They will help me achieve my goals of becoming a Pharmacist as they lower the overall cost burden for school. They also help with living costs because I now have extra savings for that. Graduate school is a costly experience but with these funds, I will be much more able to afford it.

WHY I CHOSE TTUHSC...

TTUHSC is special to me because growing up, I always was involved somehow with TTU. Becoming a part of the family is a great honor, especially in a doctoral program. TTUHSC always aims to take care of the students! It's a family environment and I'm eager to give that back as well.

BECAUSE YOU GAVE...

It's unbelievable how far I have come and how much I have achieved in terms of my educational goals. I am currently in my third year of a doctorate of pharmacy curriculum, working as an intern in a community pharmacy, and also completing research with colleagues and faculty. I want to personally thank you for allowing me to pursue my career goals and to become an outstanding healthcare professional. With your gracious donation, I have become a better version of myself.

WITH YOUR SUPPORT, I CAN...

I came to TTUHSC Jerry H. Hodge School of Pharmacy looking for better opportunities in life. I was raised by a single mother and I am on my own when it comes to funding my education. These scholarship funds will allow me to afford my tuition and to continue my path of bettering myself.

WHY I CHOSE TTUHSC...

One of the main reasons why I chose TTUHSC for pharmacy school was due to the fact that I attended undergraduate school at TTU in Lubbock, Texas. I agree with the values and traditions that Texas Tech upholds and I am proud to be a part of the red raider raider family. TTUHSC also offered unparalleled experience, networking and educational facilities needed to grow my skills.

BECAUSE YOU GAVE...

This investment in our future as healthcare professionals will make an impact throughout generations. TTUHSC opened my eyes into the world of clinical pharmacy, something that I was piqued my interest from the beginning. I have always grown up in the hospital, as my mom was a head nurse for the hemodialysis unit and would take me to work. Since then, it was my destiny to be part of healthcare. Because of this investment, I will be able to bring back the experiences back to Guam where I plan to be the first pediatric pharmacist at the local hospital.

WITH YOUR SUPPORT, I CAN...

This scholarship will allow me to further enhance my knowledge and clinical skills in healthcare. Being from out-of-state, the scholarship will take off the stress out of worrying about financials, and it allows me to focus on going to conferences to further represent my school, as well as bring back ideas to improve our school.

WHY I CHOSE TTUHSC...

When I first flew in from Guam to do my interview at TTUHSC School of Pharmacy, I found the numerous skills of pharmacy within the faculty ranging from ambulatory care, to clinical, to infectious disease, to endocrinology, to pediatrics. My interest is to be a pediatric pharmacist and the general clinical skills that the program puts their students through prepares them to hit the ground running after graduation. The program gives their student a systematic way to approach a problem and that's my favorite part about TTUHSC.

BECAUSE YOU GAVE...

I greatly appreciate this scholarship and the opportunities it has allowed me to strive for. I take my education very seriously and would be devastated if I couldn't carry out my full potential due to financial disparities. I plan on being a leader in the pharmacy industry, striving for innovation and better patient care. With this scholarship, I can stress less about finances and focus more on developing and nurturing my leadership skills that will influence the type of pharmacist I become.

WITH YOUR SUPPORT, I CAN...

I will use these scholarship funds to finance my cost of living. Specifically, it will be used for rent for my off-campus living and transportation as well. With this scholarship, I will be able to stress less about monthly bills and will be able to focus better in school. I am also working towards buying a car to improve my transportation situation, and this scholarship will help tremendously.

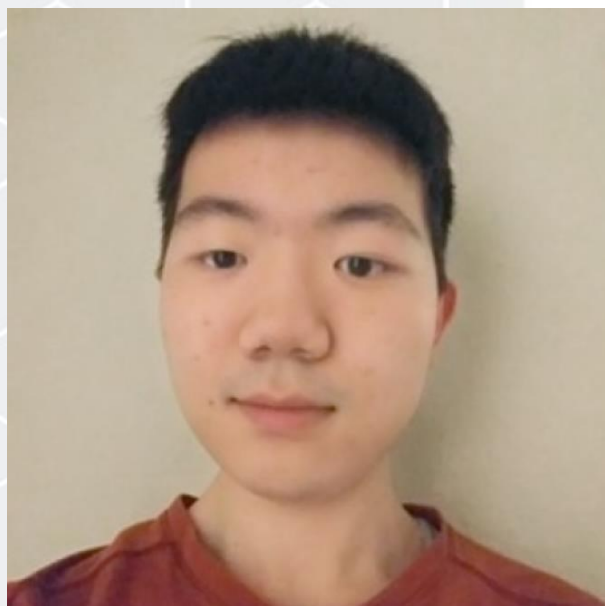

WHY I CHOSE TTUHSC...

I chose TTUHSC because I'm interested in clinical practice and value the clinical experience they offer. However, what really sealed the deal was my interview experience. I felt so welcome by the faculty and students. I truly feel a part of the pharmily. Not to mention, I love the organizational culture TTUHSC propagates. There is well needed support between students, faculty, and staff.

BECAUSE YOU GAVE...

I am very thankful for the Harrington scholarship. I grew up in a rural area (Roswell, NM) that has a shortage of healthcare providers. This motivated me to pursue my career of becoming a pharmacist. My goal is to become a community or hospital pharmacist in a rural or underserved area to serve people who have healthcare needs. I will be proud to tell others that I graduated from TTUHSC in 2022 and am thankful for the opportunity the Harrington scholarship has given me.

WITH YOUR SUPPORT, I CAN...

With the help of the generous Harrington scholarship, I am able to focus more on school and make the most out of my education. The scholarship funds helped me afford both tuition and living expenses. I was able to rent an apartment close to campus so I spend less time commuting to classes. While the scholarship helps me pay for my education, it also has given me flexibility in choosing my career path in pharmacy. My goal after graduation is to become either a community or clinical pharmacist, and I now have less financial burden in covering residency expenses.

WHY I CHOSE TTUHSC...

TTUHSC has comprehensive essential curriculum which is providing me a great opportunity of becoming a pharmacist as a healthcare provider when they accepted me into their pharmacy school. What stood out to me the most was how their pharmacy school had more rotation hours compared to other schools. I wanted to have as much experience as I can get from these rotations to be prepared after I graduate. I enjoyed my 16 hour experiential rotation at BSA hospital to observe the different roles of what a pharmacist can do. I am excited to start 6 week rotations after this summer.

BECAUSE YOU GAVE...

I am thankful to the donor for making this worth scholarship. I am from Vietnam and I have been America for five years. When I attended to TTUHSC, I was surprised from the helps of consultants, advisors, friends, especially the instructors here. This scholarship motivates me to study and work harder to prove that I deserve to get it. My future goal is going to practice in West Texas due to the rural area which lacking knowledge. What I achieved from TTUHSC, I hope I can give it back to our community.

WITH YOUR SUPPORT, I CAN...

This scholarship is one step closer to help me to achieve my dream. It is lightened my financial burden which allows me to focus more on school. It is not only about money, but also it shows everyone has equal chances to get the scholarship if we study hard. I am appreciated the donor who gives us the scholarship.

WHY I CHOSE TTUHSC...

Growing up and studying at a small city in Vietnam, I realized how healthcare as well as pharmacy is important to people. It is a reason why I would like to be a pharmacist and choose TTUHSC because I can have a chance to learn and practice clinically. To be a pharmacist, I know that we not only counsel the patients but also take care of their health. Besides, I would like to consider patients' health is my family health. I would like to treat the patients as the same as my family.

BECAUSE YOU GAVE...

Simply saying "thank you" for something like this is never enough. The true gratitude I feel can only be adequately expressed in the pharmacist I become and how I give back along the way. Having come from a very giving community, I understand what it means to give of your time and talent to benefit other people. This is my goal as a practicing pharmacist and as a student. I look forward to when I can help students achieve their goals in the same way you have helped me!

WITH YOUR SUPPORT, I CAN...

With this scholarship, I am able to pay more towards tuition and living expenses without have to take out larger loans that I'll have to pay off later. This allows me to focus more fully on school and involvement so that I can become the pharmacist I want to be. One of the most important components of pharmacy school is getting involved with service projects and organizations. Financially, this can be a struggle between paying the dues for each and having less time to be at work. This scholarship gives me the freedom to work and enjoy extracurricular involvement.

WHY I CHOSE TTUHSC...

I fell in love with the TTUHSC system because it is rooted in the same principles that I was raised with: community and excellence. Every tour, conversation, and phone call I have had with TTUHSC has started with, "Hello, how are you" and ended with, "yes ma'am, have a wonderful day!" Moreover, the focus on bringing healthcare to rural areas truly spoke to my background. Growing up in a farming family in the west Texas area, access to great healthcare was limited. I have a shared mission with TTUHSC to bring affordable and quality healthcare to these same areas.

BECAUSE YOU GAVE...

Like I mentioned above, having these scholarships available is really helpful when it comes to not accumulating more debt. They also allow me to spend less time worrying about working extra to have funds to pay rent and tuition, which gives me more time to volunteer and spend furthering my knowledge and experience outside of school. For the future, I am really looking into the clinical pharmacy profession, which means I will have to go an extra 2 years for residency, so these scholarships really help me now in budgeting for the future.

WITH YOUR SUPPORT, I CAN...

With scholarship funds, I don't have to take out as big of a loan for that year, which helps me not accumulate an enormous debt total. Although I still work, I don't have to as much with receiving the scholarship funds, and I can focus on my school work more, which is very important to me. I get to spend my extra free time focusing on my studies and expanding my knowledge for the future.

WHY I CHOSE TTUHSC...

I chose to attend pharmacy school at TTUHSC because when I came on my campus visit/interview, I really felt like I was welcomed with open arms and it felt like home. I really liked all of the clinical knowledge and experience I would get by attending school here. The clinical rotations and in-class knowledge has prepared me for success in my future because it's taught me how to critically think and apply my knowledge in a variety of ways.

BECAUSE YOU GAVE...

I would like to thank you so very much for giving me this opportunity. As a young mother, I have worried and struggled to try to find ways to make ends meet. You have provided me with a way to lessen that burden and paved a way for my daughter and to have a better life. I will be forever grateful.

WITH YOUR SUPPORT, I CAN...

Simply put, the funds from this scholarship will be used to obtain a residency. I will be attending the residency showcase in Louisiana this December which is without a doubt the single largest exposure to the residency program. Aside from attending this conference, I will use the money for an interview, travel, lodging, and materials.

WHY I CHOSE TTUHSC...

TTUHSC has a clear mission of excellence and is a true leader in pharmacy education. I knew from an early time that I wanted to specialize in some form of clinical practice. It is well-known and documented that TTUHSC offers more clinical rotation experience than almost every other school in the nation.

BECAUSE YOU GAVE...

Thank you for rewarding me with this scholarship. It is such a help for me and my family. Now that we are becoming more established in Texas, our goal is to pay for each semester of school ourselves, and this helps tremendously. In the future, I would like to do a residency, and this money helps eliminate part of the worry of having to pay back loans. I would love to be able to stay in west Texas and use my education to contribute to the rural communities in the future. This is wonderful help!

WITH YOUR SUPPORT, I CAN...

This scholarship is a tremendous help to me and my husband. Because we are newly married and new to the area, it has been a challenging year. We are both graduate students, so we have had a limited income. This scholarship eases the pressure and helps us to pay for school without relying heavily on student loans which is our goal.

WHY I CHOSE TTUHSC...

I chose TTUHSC because of the location. I knew I wanted to go to pharmacy school, but my family is in Missouri. However, my husband has family in the Amarillo area which has made our new start much easier. We love this area, and we love Texas Tech! We are so happy to be here!

BECAUSE YOU GAVE...

My career goal as a pharmacist is to help patients get better rapidly by dispensing the correct medications. This scholarship helps me to relieve a lot of stress off my shoulders and perform at my best when the time comes. With less stress about finance, less mistakes will be made and I can focus more on helping patients to receive the correct medications.

WITH YOUR SUPPORT, I CAN...

This scholarship will help me purchase electronic devices such as an iPad to improve with my studying. This scholarship will also help with improve computer programs and applications such Matlap. Those devices and programs improves my efficiency of studying and makes some of the materials a lot easier to learn. The funds will also allow me to attend health affairs that is not local. The health affairs can be extremely useful in order to see what problems do the general patients have.

WHY I CHOSE TTUHSC...

The reason why I chose TTUHSC was because of the clinical programs and MBA dual degree. During the interview process, I loved the faculty members and the activities that we did. It was a fun and useful experience and all the faculty members were extremely knowledgeable and professional. The PharmD-MBA program was also very attractive, being able to finish both degree at the same time is something that attracted me to TTUHSC.
