

BRUNO ROMERO

JERRY H. HODGE SCHOOL OF PHARMACY

BECAUSE YOU GAVE...

Thank you for your kind donation to help students in need a chance to continue onto this journey. I can only thank you with words, but I wish to resemble your kind act by doing the same when I'm in a position to do so in the future.

WITH YOUR SUPPORT, I CAN...

It will help me ease off my mind how much more I need to work during the school year as I move into a new city. I averaged about 10 hours/week during 2nd year of school while also working full time during the holidays. I'm very appreciative of all the help I can get to be able to enjoy holiday breaks and not spend them working full time.

WHY I CHOSE TTUHSC...

Back in Austin I worked with a lot of pharmacists saying very good things about the program itself and how employers prefer TTUHSC pharmacists over UT. I'm very happy to continue with that saying as I go into a more competitive field in the DFW area.

BECAUSE YOU GAVE...

I hope you know that one day when I am in a position to help a student out I will remember all the people like yourself who have helped me out. I hope to pay it forward. Your donation means so much to both me and my family. Thank you so much.

WITH YOUR SUPPORT, I CAN...

This is my last year of pharmacy school. This means I am on rotations for 40-50 hours a week leaving very little time to work. This scholarship means so much to me because it means some of the financial stress of having to pay for gas, food and other necessities goes away. I can see the finish line to graduation but this last year is also by far the most expensive year of schooling. My family does not have the means to help me financially and they are also incredibly thankful for anyone who can help me get closer to my goals.

WHY I CHOSE TTUHSC...

When I interviewed for Texas Tech I actually ended up going over time with my interviewer because of how well we connected. Throughout that interview day all the faculty and staff were so sweet to me and made me feel at home. It made the decision between pharmacy schools easy for me because I knew I was going to be away from home for a few years. I wanted to pick a school that would be my second home.

TRACY PALOMINO

JERRY H. HODGE SCHOOL OF PHARMACY

BECAUSE YOU GAVE...

Thank you so much for your kind donation. I really appreciate this chance you have given me and I will strive to excel in school and do my best as a pharmacist so in the future I can also contribute to those in pursuit of their goals and dreams. My future goals as a pharmacist is to pursue a specialty in oncology. This year, I attended the Hematology Oncology Pharmacy Association conference which was held in Fort Worth and I am very excited to have had this opportunity to do this as a first year student.

WITH YOUR SUPPORT, I CAN...

This scholarship will help me pay for my tuition, room and board, and educational conferences for the school year. I would like to attend more conferences during the school year. My school grants me around 300 dollars per year but unfortunately is not sufficient for me when it comes to going out of state.

WHY I CHOSE TTUHSC...

I chose TTUHSC due to their advanced clinical training and research opportunities. The TTUHSC offered me the opportunity to learn both specialized pharmacy pediatrics and geriatrics.

BECAUSE YOU GAVE...

No words can express just how happy, grateful, and fortunate I am to be receiving a scholarship for a reason that barres me from receiving a scholarship. It is this very deed that encourages me to also donate my money as a future alumni to help younger generations facing the same difficulties I faced. In my mind, you are a critical component to propel this perpetual chain of kindness for decades to come. Your scholarship, in every shape or form, is inspiring and helpful. As a recipient of your generosity, I would like to promise you that I will live up to the name of this scholarship. In a sense, it has given me a strong directional motivation to indeed make a difference with your help. By granting me the opportunity to study, you have enabled me to fulfill my dreams and help thousands of people that will come

WITH YOUR SUPPORT, I CAN...

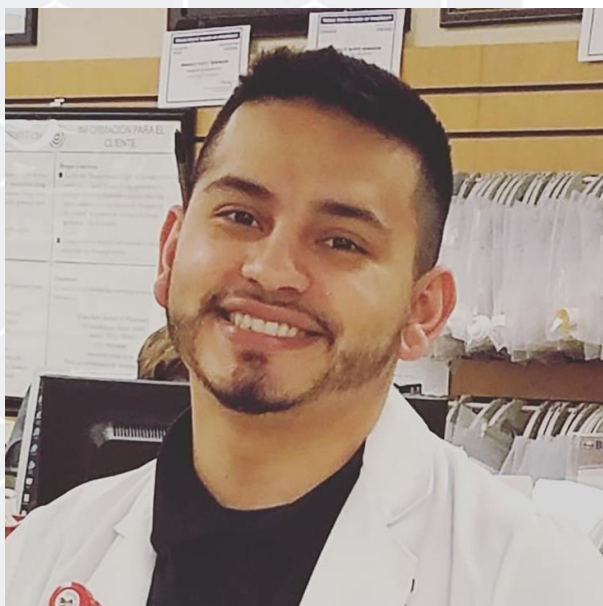

Firstly, I want to express my sincerest gratitude to the donor of Make a Difference Scholarship. For my entire academic career, being an international student brought many challenges and imposed numerous limitations on my ability to continue my education. Either due to visa problems, "special" international tuition rates, low acceptance rates for professional schools, or employment boundaries. When I was notified about this scholarship, I was ecstatic simply due to the fact that such a niche scholarship actually existed. I felt like my constant problems due to being an international student were finally seen and realized by someone other than me. It felt special. Since I am legally ineligible to receive any federal financial assistance, this scholarship will help me immensely.

WHY I CHOSE TTUHSC...

My primary criteria for selecting TTUHSC was its excellent cost margins. No other school mandated tuition rates lower than this university, for which I am really grateful. Additionally, the quality of education is notably pristine. Lastly, during my interview day, I was closely paying attention to all the staff and current students. I felt a sense of genuine care and respect for each other in every vocal exchange. My encounters were filled with smiling faces, meaningful advises, and mutual respect. My mission had always been to study to my hearts content in a place that allows for failures and encourages team work. After enough research and meeting with faculty and staff, my mind was decided on that very day. I fell in love with the school.

IRVIN OLVERA-ALVAREZ **JERRY H. HODGE SCHOOL OF PHARMACY**

BECAUSE YOU GAVE...

I want to personally thank you and say how much your generosity has impacted my life in a positive way. It is difficult as it is for most students to pay for school. It is even more difficult because of my situation but I have never wavered in my pursuit of earning my education to become a great pharmacist. This award proves to me that there are people that have fought and battled obstacles in their unusual circumstances as well. That is very reassuring as a young student working towards a career that focuses on helping others. I promise to earn this honor throughout the year and in the future when I pay this generosity forward to the next generation of students. Thanks again.

WITH YOUR SUPPORT, I CAN...

This scholarship is very special to me because of my circumstances that don't allow me to receive federal financial aid. This award gives me the confidence that I can finish my education without having to worry about how it will be paid. This will help pay for my tuition and living expenses due to the lack of federal loans I am not qualified to take out.

WHY I CHOSE TTUHSC...

TTUHSC has a giant network of professions under the same umbrella. These professions reach countless lives not just in Texas, but across the nation. I hope to impact a life under the training by TTUHSC.
