JERRY H. HODGE SCHOOL OF PHARMACY

BECAUSE YOU GAVE...

To whom it concerns, thank you for investing in our education. The journey to being a better clinician and a better pharmacist is made easier by your benevolence. Instead of focusing on how to finance my degree, the scholarship allows me to focus on learning and treating patients to the best of my ability. These scholarships help me believe that people still have altruistic motives and make me very grateful to be a part of their altruism. In the future, I hope to return the favour and continue to foster those who have a penchant for learning and caring.

WITH YOUR SUPPORT, I CAN...

This scholarship will help me further pursue the virtues of pharmacy and help me focus on learning how to be an effective pharmacist. It will allow me to worry less about funding my education and direct me to put more emphasis on my academic pursuits.

WHY I CHOSE TTUHSC...

I chose TTUHSC because I believe the university and the pharmacy program offers a competitive degree, good value, and people who are dedicated to helping us succeed.
