#### **BECAUSE YOU GAVE...**

I just wanted to personally thank you for the generous support of contributing to my academic studies here at Texas Tech. It really means a lot to me that I am able to receive this much in funds that I can use to purchase some extra groceries so that I am able to have a peace of mind when it comes to mealtime. Thank you for your immeasurable support.

#### **WITH YOUR SUPPORT, I CAN...**

This scholarship will allow me to focus more on my academics and allot more time towards learning the material taught in school. Rather than having to worry about whether I'd be able to afford paying my utility bills or not, I can instead devote more time into developing myself into becoming a better pharmacist when I graduate, thus improving patients' lives and having an enormous impact on their livelihood.

#### **WHY I CHOSE TTUHSC...**

I chose to attend Texas Tech because I have always heard how students here have a leg up even against UT and UH pharmacy students. I discovered that Tech has a very strong clinical program and I became even more interested in selecting Tech as my pharmacy school, as I am very interested in working in the hospital as a pharmacist. With that in mind, I applied Early Decision at Tech, interviewed on the Abilene campus (which I was very impressed with the building and layout), and here I am today, where I'll be starting my 2nd year in a couple of months.
