

ZANE GOETZ

JERRY H. HODGE SCHOOL OF PHARMACY

BECAUSE YOU GAVE...

I just wanted to extend my deepest and most sincere gratitude for the tremendous honor and many opportunities that come with this scholarship. I've worked very hard as a student and future professional during my P1 year at TTUHSC, so it's very encouraging to know that my efforts aren't going unnoticed. This scholarship will help to ensure that I have the financial security to spend enough time studying, rather than having to work extra hours during the school semester just to make ends meet.

WITH YOUR SUPPORT, I CAN...

This scholarship will help to ensure that I have the financial security to spend enough time studying, rather than having to work extra hours during the school semester just to make ends meet. This will surely be very beneficial to me as I enter my P2 year, which I'm excited for, but hear is very challenging. Additionally, this scholarship will ensure I have the funds to travel to leadership/student organization events for the organizations I'm currently a member of, such as American Pharmacists Association or Phi Delta Chi.

WHY I CHOSE TTUHSC...

I really liked the close-knit community at TTUHSC's Abilene campus, and the professors are very accessible and responsive to questions. Further, the academic reputation of TTUHSC speaks for itself, which I'm beginning to see for myself with many of the P4 students I met immediately getting jobs in great locations, even in the current job market. While the campus and facilities are also fantastic, what really stood out to me was how eager the faculty, staff, and even other students are to do whatever they can to help you succeed academically and professionally.

KEVIN NGUYEN

BECAUSE YOU GAVE...

I wanted to thank the donor for giving me the wonderful opportunity to focus on my education and reducing the stress of having to pay for college or living expenses. Pharmacy school is already stressful with the dense material we learn, and being so far away from home and family can take a toll. But being able to worry about one less stress factor makes it easier and better to strive to learn and work harder in school. I am very appreciative of this great opportunity, thank you!

WITH YOUR SUPPORT, I CAN...

This scholarship money would be used towards my tuition and reduce the stress of worrying about money, allowing me to focus more on my education.

WHY I CHOSE TTUHSC...

One of my previous pharmacist was a TTUHSC graduate, and recommended that I apply to the school. I learned that the school was very clinical based and I sought for patient interaction and being able to provide and help my patients on drug knowledge and their disease states. During the interview, after taking a tour of the school and getting the opportunity to meet the faculty and students, I felt very welcomed.
