BECAUSE YOU GAVE...

Thank you so much for your generosity! It has been overall been a really stressful year for me having to relocate for internships in different locations. My goals are to enhance my skills in vestibular therapy and either go into an inpatient or outpatient setting to serve the local community and give back in the way I can do the best, by caring for patients. This scholarship really decreased the burden on my shoulders so that I can focus more on my internship/studies and be less worried about daily expenses and monthly bills.

WITH YOUR SUPPORT, I CAN...

I will use this scholarship to pay for expenses such as relocation fees for my internship, weekly food supplies, and bus tickets to get to the hospital. In addition, I will get supplemental study guides that would help me study for the board exam. I also plan to use part of this fund to purchase graduation related services for the rental of the graduation gown.

WHY I CHOSE TTUHSC...

TTUHSC is a world-known organization and has been well praised by a lot of family friends even with me being in a foreign country. TTUHSC gave me the feeling of home as early as the interview process, I knew that this would be my top pick out of all the schools I applied to. TTUHSC curriculum well prepared me to face the challenge of internship in the first 2 years slowly building up my knowledge and confidence to set me up for success.
