BECAUSE YOU GAVE...

I am extremely thankful for this scholarship opportunity and would personally like to thank you. This scholarship will help me for years to come and will help me give my future children the same opportunities that I have been given. This scholarship has relieved a lot of stress that I have had lately with the thought of having to graduate with a large amount of debt that I would be paying off for years, but with the help of this scholarship that is no longer a large stressor. I hope that one day I am able to pay it forward.

WITH YOUR SUPPORT, I CAN...

This scholarship will allow me to focus on my studies further without the burden and stress of taking out a large amount of student loans, and being in a large amount of debt before ever receiving my first check as an employee. As an out of state student, the thought of having to pay a substantial amount of money per semester was very stressful, but with the scholarship I am now qualified for in state tuition and a huge amount of stress has already been relieved.

WHY I CHOSE TTUHSC...

When I attended my interview, the students and faculty treated me as family. Before my interview I had not really given TTUHSC a lot of thought being from Louisiana it was not one of my top picks for physical therapy school solely due to the fact that it was nearly 10 hours from home. After my interview my thoughts completely changed. It was one of the only schools that I felt at home at after my interview was completed. And that still holds true nearly a year later. I still feel like I am part of a family.
