BECAUSE YOU GAVE...

Due to the lack of financial means, my parents were unable to obtain a formal education still they have encouraged our schooling. Fortunately, I have been able to seek higher education through scholarships. As a first-generation student, I believe I am surpassing barriers that prevented my parents from maximizing their potential. Upon completion of my degree, I plan to practice in the Texas Panhandle. The influences and values of this area are ones that have molded me into who I am, and I aspire to contribute to this community by practicing as a successful therapist. Thank you for your generosity!

WITH YOUR SUPPORT, I CAN...

The scholarship funds I have received will go directly to my tuition bill. The classes I will be taking, as well as my clinical practicum, are courses preparing me to fulfill my aspirations of becoming a Speech-language pathologist. Communication is essential to life and is what allows us as humans to connect. Therefore, when a communication disorder arises it so crucial to have clinicians who can guide patients in intervention and suppress any limitations that are imposed on these individuals. Furthermore, this scholarship takes away some of the financial burden and allows me to focus more on my academics.
