BECAUSE YOU GAVE...

Thank you for your pure generosity in awarding me the George and Wilma Cator Scholarship. I have always worked through college to pay for living expenses and therefore have to take loans to cover my tuition fees. This scholarship will greatly ease the burden of the amount of loans I need to take for the year. I am grateful for your kindness in helping me pursue my passion of helping patients.

WITH YOUR SUPPORT, I CAN...

I plan to use this scholarship to pay for tuition and fees for this school year. This will ease the financial burden of the amount of loans I will need to take this year. This makes tuition much more affordable for the year and eases the future burden of loans that I will have after I graduate.

WHY I CHOSE TTUHSC...

I appreciate and enjoy the Texas Panhandle area and wanted to stay in this area. When I interviewed I met professors and students who were genuine and compassionate and that is exactly what I was looking for in a University. The professors at TTUHSC care about educating clinicians so that we can care for patients.
