

# YOUR *life* • OUR PURPOSE

**YANIXA MARTINEZ-CONTRERAS**

School of Health Professions

## BECAUSE YOU GAVE...

When I became a mom at the age of 20, I made it a priority to continue pursuing my education and to teach my children that anything in life is possible. This has not always been easy with our finances. This scholarship will aid me in continuing to pursue my goals while providing our growing family relief from the purchase of textbooks. My family and I want to thank you from the bottom of our hearts for your generosity and helping me get closer to my dream of working in rural areas where aid is truly needed.

## WITH YOUR SUPPORT, I CAN...

As a young mom and wife, pursuing my graduate degree has not always been easy. The financial aspect of things can be difficult at times, and I find myself having to pick which textbooks I will be purchasing, which I will be renting, and which I will get through e-books. The funds from this scholarship will allow me to be able to purchase all of my textbooks in my preferred method of learning and aid in my success in this program.

## WHY I CHOSE TTUHSC...

When I moved to New Mexico, I had to figure out a way to continue my education while living in a rural area. I did a lot of research on virtual programs but none caught my attention like the TTUHSC Addiction Counseling Program. With a unique curriculum, and an emphasis on telehealth, I knew that this was the route for me to go. Since joining the TTUHSC family, I have been able to learn from knowledgeable professionals and feel ready to join the counseling profession upon graduation. The flexibility has also allowed for me to balance family, work, and school.
