

# YOUR *life* • OUR PURPOSE

**CAMERON SMITH**  
School of Health Professions

## BECAUSE YOU GAVE...

Thank you for your incredible generosity and willingness to share and help others such as myself. This scholarship will enable my wife and I to have a much smaller debt at the end of school and will allow us to start the next phase of our lives with a good deal less stress especially since we are expecting our first child. I am excited for when I will be able to start helping others who are getting started on their professional journey's. This scholarship opportunity will make a huge impact on my education and future.

## WITH YOUR SUPPORT, I CAN...

This scholarship will be a great benefit to me and my wife and will help us in several ways. First, it qualifies me for an out-of-state resident tuition waiver which helps ease the financial burden by thousands of dollars beyond the awarded amount. Also, this funding will help me to know that I won't have as much stress about our normal living expenses throughout the coming year. Overall, this scholarship has brought me great relief from the additional stresses of paying the full out-of-state tuition costs, and I am very grateful for it.

## WHY I CHOSE TTUHSC...

As I was preparing for application to different physical therapy graduate programs I researched schools across the country and was excited for a new adventure. The TTUHSC program stuck out from the beginning as welcoming and highly professional. The program has continued to live up to that high standard during my experiences of the past year. The facilities are excellent and the faculty and staff are even better. Working with instructors and fellow students is preparing me quite well for a future career in this field, and I will be proud to call myself an alumni of TTUHSC.
