CHELSEA THOMPSON
School of Health Professions

BECAUSE YOU GAVE...

After finishing my doctorate, I plan on focusing my efforts on serving rural underserved communities. I am passionate about this cause, due to the fact that I grew up on a farm in a rural area. This scholarship is affording me the opportunity to continue moving forward with my education. I promise to continue working hard and making a difference in the lives of people with hearing loss.

WITH YOUR SUPPORT, I CAN...

This scholarship is affording me the opportunity to continue my doctorate of audiology at TTUHSC. The financial burden of school is extremely hard on myself and family and this scholarship lessens the burden. I am thankful for the scholarship and opportunity to continue pursuing my dreams of becoming an audiologist at Texas Tech University Health Sciences Center.

WHY I CHOSE TTUHSC...

Growing up on a farm in a rural area, I have always been passionate about serving the underserved in these areas. I admire TTUHSC's focus on serving underserved, making TTUHSC the easy choice in selecting a graduate school. The Audiology program is outstanding and shaping me into the best audiologists I could be.
