BECAUSE YOU GAVE...

Thank you so much for considering me to receive this award. My goals and plans for the future include building a hospital one day that can help the needy. I will use this scholarship to help read textbooks and apply that knowledge and reach my goals. Thank you, so much, deeply.

WITH YOUR SUPPORT, I CAN...

I will use this fund to help pay for the textbooks needed for my classes in the 2020-2021 year. I can buy the optional textbooks in order to help me gain the most knowledge from all my class materials. I was struggling to buy the extra textbooks last semester and this semester will now be different.

WHY I CHOSE TTUHSC...

I chose TTUHSC because it was recommended to me by a friend at work. The school was in my budget for a Master's Degree where my work facility would be able to help reimburse tuition. I believe in this school's mission and values and that's what drew me to this program.

Thank you very much for this gift. Your generosity deeply humbles me. This scholarship will not only relieve a financial burden, but will fuel my dedication, passion, and commitment to my studies. In my life, I have encountered personal experiences that have drawn me into this profession. This will afford me the opportunity to bring light and make a difference in other's lives.

WHY I CHOSE TTUHSC...

Moving six hours away from my hometown seemed intimidating, however, TTUHSC has felt like home from the moment I stepped foot on campus. Each day, I wake up with a deep sense of gratitude and belonging, knowing that I attend such an amazing university. This school has fueled my passion for the field, surrounded me with wonderful mentors, and inspired me to pursue my dreams further. BECAUSE YOU GAVE...

I plan to attend graduate school after I graduate with my bachelor's degree, so I am extremely grateful for this scholarship award as I won't be entering the workforce for a few more years. I know this opportunity will put me one step closer to becoming a licensed speech-language pathologist. I can't wait to become a SLP and make a positive impact on individuals' lives.

WITH YOUR SUPPORT, I CAN...

This scholarship will allow me to purchase the required textbooks for the fall and spring semesters. Textbooks can be very expensive and this scholarship will allow me to purchase my own textbooks instead of attempting to go both semesters without. I am very grateful for this award as I am between jobs at the moment.

WHY I CHOSE TTUHSC...

I transferred to Texas Tech after a year of attending college in Austin. When I arrived my sophomore year, I was immediately welcomed by the students and staff/faculty. I applied to the SLHS program the same year. I was elated when I was granted admission and have had the best time in the program. The professors seem to try their best to prepare each student for graduate school and a future career as a speech-language pathologist. Through my program at TTUHSC, I feel prepared to apply to and enter graduate school.

BECAUSE YOU GAVE...

Thank you for your generosity and acknowledgement. This scholarship will allow for me to focus more on my school work and volunteering in the community, and not stress about expenses. In the future I hope to be a licensed SLP, mentoring, and serving on a local or state board advocating for children with special needs in East Texas.

WITH YOUR SUPPORT, I CAN...

I am very grateful to be receiving this scholarship. Purchasing books is an academic expense that is difficult for me to afford, so this scholarship will aid me in doing so my senior year. This scholarship will assist me in achieving my goal of graduating with my Bachelor of Science in Speech Language and Hearing Sciences.

WHY I CHOSE TTUHSC...

I was attracted to TTUHSC, because of their approach to learning and the academic environment. The clinical foundation and innovative teaching convinced me that this is where I needed to be. The SLHS program is student oriented and has provided me with the education that I need to feel confident to continue my pursuit in becoming a licensed SLP. TTUHSC is special to me, because I have made life-long connections and friendships here.

BECAUSE YOU GAVE...

First, I am beyond blessed with the fund since my family has been going through to survive during this Pandemic and both of my parents are not currently working. I would like to utilize this fund to pay for my tuition to finish up my degree and buy food for my family. It is unimaginable that I have received the scholarships. I will never forget this fund I am getting during this hard time and I would like to give back to the community after when I am done with school. I appreciate you greatly.

WITH YOUR SUPPORT, I CAN...

These funds will help me pay my tuition to finish my degree and to pay living expenses. I have been having a mental break down of how to earn money to pay to off my expenses and I thought I had to quit school. I am truly blessed to receive these funds during this hard time. I hope to give back to the community soon.

WHY I CHOSE TTUHSC...

I felt like TTUHSC was like a place where I dream to visit which is France. A place where I would tell everyone how pretty and well-run program as no where else. After I finished my undergrad at TTU, I knew TTUHSC would be my destination and I am forever proud to represent an amazing program that I am attending right now. The education that I have been getting has made an impact in my life where I can utilize my knowledge to be ready to lead Healthcare near the future.

BECAUSE YOU GAVE...

I can not begin to thank you for the opportunity that has been given to me this semester. After my son was diagnosed with high functional autism, I struggled to obtain the care he needed so I decided to educate myself so that I would know where to turn and how to advocate his needs. As my internship neared, I did not know how I could juggle my career, family, internship and take him to all his appointments each week. Through your support, I have been able to resign from my job and focus on my internship and family.

WITH YOUR SUPPORT, I CAN...

This scholarship has allowed me to take a leap of faith to quit my job so that I can focus my time, energy, and attention on my internship. It will allow me to give my best to my clients as they will be my professional focus. Most importantly, it allows me to be present in my children's lives as well rather than trying to divide my time between my family, job, and internship.

WHY I CHOSE TTUHSC...

I chose TTUHSC after a lot of research online. I decided to return for a masters in clinical mental health counseling after my son was diagnosed with autism. I ultimately chose the program at TTUHSC because it was online and working towards CACREP accreditation. I wanted to obtain a quality education from a creditable university that would help me excel in my future. TTUHSC has exceeded my expectations in making me feel I was actually part of a learning community from developing relationships with my peers and professors.

BECAUSE YOU GAVE...

I really appreciate you as you have helped in making my dream become a reality. As a working mom of two toddlers, I never imagined I was going to be able to find time to go back to school, but this scholarship has eased the financial burden of tuition fees on my family and for that, I am eternally grateful. Through this scholarship, I will continue to encourage friends and career mothers like me to pursue their dream career through educational advancement.

WITH YOUR SUPPORT, I CAN...

This scholarship will help to cover my expenses towards my education. It will bring me one step closer to obtaining my master's degree which I have been pushing aside for a long time. Also, this will enable me to be able to continue on especially during this hard time as we re-structure our finances for other living expenses

WHY I CHOSE TTUHSC...

I choose TTUHSC after researching for online advanced degrees. I was not disappointed since I got the same treatment when I attended TTU at Lubbock. Everyone has been helpful right from registration, advisors to the lecturers. I have not regretted my decision to start my master's degree online as every class has been exceptional.
