BECAUSE YOU GAVE...

I want to thank you so much for your generosity. School can be so expensive and some times it's hard to focus on school because the price of Odessa is very expensive. I just want to thank you for making it a little easier on me and my husband. We appreciate you so so much.

WITH YOUR SUPPORT, I CAN...

This scholarship is going to help me with living expenses. Odessa is very very expensive to live in, so this money will be out towards rent. My husband is in the navy so he is stationed out in Washington. That means we currently pay for two rents and honestly need all the help we can get.

WHY I CHOSE TTUHSC...

Everyone in my family went to Tech. My parents were in the band, and my grandfather received 4 degrees from there. Although for undergrad I was not ready move to that far from home, I am loving every minute of being a Tech Raider! One year into living in Odessa I have learned so so much, and I'm so ready to take on year two!!
