## BECAUSE YOU GAVE...

Thank you so very much for your generosity to the field of health professions and the opportunity you have given me to pursue my passion. I always knew that I wanted to work in the medical field and I cannot wait to go out into the world to provide the best care to all my future patients. Due to the opportunities this scholarship has given me, I hope to be able to give back to my community in a similar way to grant another student the same opportunity and invest in the future of medicine.

## WITH YOUR SUPPORT, I CAN...

With this scholarship, I will now be able to afford to travel to many different locations for my clinical rotations so that I can get the best experiences I can before I become a licensed physical therapist. I was choosing my locations based on where I could afford to live or try to find someone to stay with, but now I have the freedom to choose the sites that I want to go to due to this scholarship and qualifying for in-state tuition. This scholarship will also help with living expenses and traveling expenses to get to my clinical rotations.

## WHY I CHOSE TTUHSC...

When I was looking at PT schools, TTUHSC was the school that everyone spoke very highly of and I only heard positive reviews of the program. What stood out to me the most was the small classroom sizes and the interaction the program had with other health professionals. I was also very impressed that they were the number one PT school from student reviews and there was a 100% first time passing rate of the licensure exam the past three years. All of the professors in the program want you to succeed and are always willing to help.
