

JERONIMO ALVAREZ

Texas Tech University Health Sciences Center
School of Health Professions

BECAUSE YOU GAVE...

Thank you so much for the financial contribution. Because of your generosity, I will be able to continue my education to become a physical therapist, helping patients return to being able to move safely and independently.

WITH YOUR SUPPORT, I CAN...

The scholarship will help me continue my education at TTUHSC. I will have the ability to focus primarily on my education rather than on the financial cost.

WHY I CHOSE TTUHSC...

I chose TTUHSC for the high quality education provided at a relatively more affordable price than other institutions. I had also heard really wonderful things about the physical therapy program from former students. I valued the interview process, which allowed me to express myself instead of just sending in an application. The university's multicampus system allows for a combination of specialties that I would of not been able to learn anywhere else in the state of Texas.

BECAUSE YOU GAVE...

Thank you so much. I appreciate this more than you will ever know! I am humbled by your investment in my education and future career.

WITH YOUR SUPPORT, I CAN...

This scholarship will help to fund my dream of becoming a physical therapist. It will help me afford the cost of living while I am in school and allow me access to resources I would not otherwise have.

WHY I CHOSE TTUHSC...

I chose TTUHSC because of the environment that is present on all campuses. I loved seeing how the students and faculty interacted and felt at home in my interview. At TTUHSC we strive for excellence, but know that we are not expected to be perfect. There is room for mistakes and for learning to take place. I appreciate how much our staff and faculty care about our journey in becoming clinicians and are always there for us along the way.
