WHY I CHOSE TTUHSC...

I did my undergraduate degree at TTU and knew that the TTUHSC would have the same values that I cherish. The staff in the DPT program has always been supportive and encouraging.

Several moments in my life have led my goal of becoming a speech-language pathologist, and I have no doubt that it is what I am meant to do. I am currently working two part-time jobs in addition to being a full-time college student. I am employed as a preschool teacher at First Lubbock Baptist church and a graduate assistant for my department at the TTUHSC. Overall, this scholarship will prevent me from having to take out even more loans that would have followed me for many years to come. This scholarship has taken a HUGE load off of my family and has given us all just so much more hope. This scholarship has allowed me the freedom to get to enjoy college more without the heavy burden of money.

There are no amount of words that could rightfully express the level of gratitude I have for your generosity and kindness. Your choice to donate to this scholarship truly changed the course of my life. I am so confident that God has called me to this career, and I plan on serving to the best of my abilities and to be a positive light to everyone I come across.

I was born and raised a Red Raider, and my dream of attending Texas Tech University has been more than fulfilled over these last three years as a student. However, another dream of mine, one even greater than going to TTU, is to become a speech-language pathologist, and to be given the special opportunity to change lives through the gift of communication. I have always admired the TTUHSC, and when I discovered that it had such an amazing speech-language pathology program it was almost too good to believe. I am so eager and excited to continue this journey that I know will be challenging yet so rewarding.
