Texas Tech University Health Sciences Center
School of Health Professions

BECAUSE YOU GAVE...

This assistance will go a long way to help me in reaching my goal of becoming a Physician Assistant. Through the financial assistance I will be able to more fully devote myself to my studies with less attention being pulled away to focus on the finances. I have a family that will not be living with me during my time in the TTU PA program so any financial relief will help to lower the collective pressure from school, family, and finances is appreciated. I am greatly appreciative and honored to have received this award.

WITH YOUR SUPPORT, I CAN...

I would like to express my gratitude to you for the generosity of this gift. It is truly an honor to have been selected to receive this scholarship and I assure you the impact is not only financial but also personal. I hope that as I carve out my own path that I have the ability to give back as well one day. Thank you again for such a gift.

WHY I CHOSE TTUHSC...

I chose the TTUHSC PA program because I was raised in Red Raider country. I grew up dreaming about attending Texas Tech. My grandmother and my mother both graduated from Texas Tech so I always knew it was something I wanted to pursue. After graduating with my under graduate degree from Texas Tech I knew there was nowhere else I wanted to go to continue my education. Being a Red Raider is so ingrained in me that Texas Tech University Health Sciences Center was the only PA program in Texas that I applied to. I am excited honored and humbled to have been selected as a student in the TTUHSC PA program and hope to be an ambassador during and long after I leave the program.

BECAUSE YOU GAVE...

Moving to a different city to attend graduate school can be very stressing and expensive. This scholarship will help alleviate the financial burden that graduate school entails.

WITH YOUR SUPPORT, I CAN...

I would like to thank you for the compassion shown. Nowadays it seems like people are always mad and disagreeing with each other, but is a relief to know that there are people who care about others without expecting something in return. I would love to hear back from you and learn more about what drives you to helping others!

WHY I CHOSE TTUHSC...

While working as a medical scribe in El Paso, TX, I was able to meet many TTUHSC graduates that exceeded in their jobs. Not only were they professional and knowledgeable, but most of them would also connect with their patients at a different level. You could see that they really cared about the human being, rather than just seeing people as another patient. This made me realize that TTUHSC was THE place to go in order to achieve this dream.

REGAN ANTHONY

School of Health Professions

BECAUSE YOU GAVE...

Receiving this scholarship will help me in reaching my goal and succeeding in becoming a physician assistant. This scholarship will lessen the financial burden so I can focus on my education and maximizing my experience during my time in the TTUHSC Physician Assistant program. I am grateful to have support during this time of transition and new beginnings.

WITH YOUR SUPPORT, I CAN...

I would like to say thank you for the support and encouragement during this time. This scholarship will help reduce the financial burden that comes with starting school and not being able to work full time. Not only will it help with the financial burden but it also shows that the community is invested in this program and hopes to see us succeed. I am grateful to be given this opportunity and will continue to strive for honor throughout my career.

WHY I CHOSE TTUHSC...

Texas Tech has always held a special place in my heart and it is no different with TTUHSC. It was evident that the instructors and administrators are there to help the students be successful and reach their goals. I felt as though at TTU, I was not just a number but a student that the school was just as invested in. Everyone was extremely friendly and it appeared as though the upper class was supportive of each other and had a special camaraderie. I also have a passion for rural health and serving the undeserved populations and I felt like TTUHSC would provide me with that opportunity.

School of Health Professions

BECAUSE YOU GAVE...

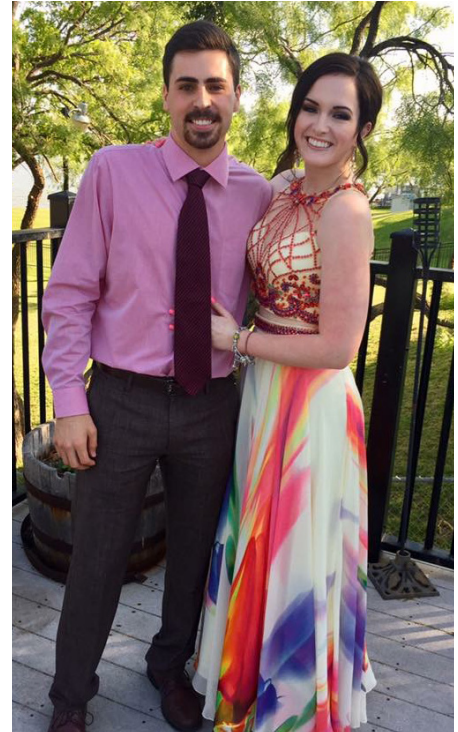

This scholarship came as a blessing. Any amount will help with the costs of Physician Assistant school, but this one I will likely use toward other expenses besides tuition such as supplies and textbooks.

WITH YOUR SUPPORT, I CAN...

This scholarship came as a blessing. Any amount will help with the costs of Physician Assistant school, but this one I will likely use toward other expenses besides tuition such as supplies and textbooks.

WHY I CHOSE TTUHSC...

I am from a rural West Texas community, and TTUHSC sets out to help increase access to care in areas where I am from. I know, personally, how it feels to not have great access to healthcare, and I chose TTUHSC so that I can give back to communities like mine and be a part of increasing access to medically underserved areas.

ALEC CUELLO

Texas Tech University Health Sciences Center
School of Health Professions

BECAUSE YOU GAVE...

Thank you so very much! This example of generosity means everything to me and helps me greatly as I pursue my dreams. I hope to pay this act of service forward as a physician assistant.

WITH YOUR SUPPORT, I CAN...

This aid will help fund my education, allowing me to become a physician assistant. It provides me a sense of peace as I strive to do my best this academic year.

WHY I CHOSE TTUHSC...

I chose TTUHSC because of its sense of family and belief that taking care of our communities is essential in health care today. I have no doubt that TTUHSC will prepare me to be a professional, compassionate, and competent physician assistant.

KELLY FASHIMPAUR

Texas Tech University Health Sciences Center
School of Health Professions

BECAUSE YOU GAVE...

I want to thank you for your gracious contribution toward my education. During clinical rotations, I promise to share my knowledge to the best of my ability, to always sit down and listen to my patients, to represent TTUHSC with utmost integrity, and to strive to be the best student that I can be. I will also make it my effort to follow in your footsteps, giving back to further the next generation of physician assistants.

WITH YOUR SUPPORT, I CAN...

This scholarship will help me to serve the West Texas community as I move from Midland to Lubbock to start clinical rotations. It will also help with gas expenses to and from the community of Big Lake on my rural rotation. I am eager for this next step in my professional journey, and this aid makes it all possible.

WHY I CHOSE TTUHSC...

I chose to attend TTUHSC after my interview made me feel like I was at home. I had never been to Texas before, but I could see how humble my instructors were and how eager they were for us to learn. I knew that I wanted to be a part of a program that focuses on working with the underserved, because I want those who do not have the resources to always feel like they are able to seek health care. The networking opportunities TTUHSC has to offer are incomparable, and the sky really is the limit in terms of job options after graduation.

STEPHANIE SCHAEFER

Texas Tech University Health Sciences Center
School of Health Professions

BECAUSE YOU GAVE...

I am honored to have been chosen to receive this gift. Thank you for this honor, and I will continue to work hard to be the best physician assistant I can be. I hope to represent you and TTUHSC well in my future career.

WITH YOUR SUPPORT, I CAN...

This scholarship will significantly reduce my student loan burden. In addition, I am further encouraged by the recognition of my efforts to become the best physician assistant that I can be. This first year of physician assistant school was challenging, and it is inspiring to be recognized as I enter my clinical year.

WHY I CHOSE TTUHSC...

After I interviewed at TTUHSC, I made the decision that the school was my first choice. The physician assistant program was organized, well-equipped, and I got a very genuine impression from the faculty and current students when I interviewed. I felt that our values aligned, and that the school was the perfect home for me.
