Texas Tech University Health Sciences Center
School of Health Professions

BECAUSE YOU GAVE...

From the bottom of my heart, thank you for your generous donation. Because of you, I have the chance to pursue a career that I am so passionate about. You have lifted such a financial burden from my shoulders, and I am forever grateful. When I graduate in May 2020, I will be able to do my part in alleviating the shortage of health care providers in West Texas. I cannot wait to care for my patients with the compassion and attention they deserve. I pray that one day I will be able to give back and help students just as you have helped me.

WITH YOUR SUPPORT, I CAN...

This scholarship will help me continue my education and earn my Master of Physician Assistant Studies. With my degree, I hope to do my part in alleviating the need for primary health care providers. It will be a reminder to work hard and put patients and their families first. The aid will also provide the education I need so that I can be an educator to the communities of West Texas, improving patients' knowledge. Lastly, this scholarship will reduce the amount of loans I will have to take out to complete school, which is a huge relief.

WHY I CHOSE TTUHSC...

I chose to attend TTUHSC because it is home to me. I was raised to be a Red Raider, as both of my parents are Texas Tech University graduates. I earned my degree in animal sciences degree from Texas Tech University, and I love the spirit and tradition that is established deep within the university's roots. At TTUHSC, the professors and instructors are kind and truly care about their students' futures and well-being. I am beyond grateful to be a student at such a wonderful school.
