BECAUSE YOU GAVE...

Thank you very much for this push on the back, because of the great help that you have provided I will be able to feel more at ease and more confident in my ability to learn while knowing that there is someone out there rooting for me. I hope to one day be a Primary care doctor and make an impact in the field of preventive medicine. My dream is to be able to work in a small community and foster healthy habits so that all my patients will be able to go on to live healthy lives.

WITH YOUR SUPPORT, I CAN...

I completely rely on myself in order to pay for medical school, so this scholarship will greatly help me in being able to cover some fees that otherwise would have been placed on me. I plan to use these funds for resources that will help me in further understanding medicine. In addition, these funds will help me cover other expenses for materials, such as notepads for jotting down notes during rotations.

WHY I CHOSE TTUHSC...

I initially came to know West Texas through attending Abilene Christian University, I had no idea what an impact that going to a West Texas city would have on me. Since then I have always had a fondness for West Texas, and the great schools it fosters. TTUHSC had always been one of the top schools on my radar coming in, and interviewing at the school only further solidified my love for it. So far I have been able to make incredible memories with fellow classmates while learning and look forward to what is to come in Amarillo!

BECAUSE YOU GAVE...

Thank you for your contribution to my education, I promise to make your investment meaningful and rich in dividends through the passion and perseverance I put towards my work every day. This donation will allow me to follow my goals in Ophthalmology, making you a part of my "vision" for an attainable, accessible, and brighter tomorrow for all those that I aim to treat.

WITH YOUR SUPPORT, I CAN...

I will specifically use these scholarship funds to secure housing in Lubbock while I complete my "away" rotations in Ophthalmology. This will allow me to be able to continue to pay rent in Amarillo while paying rent in Lubbock without putting an almost insurmountable dent into my budget.

WHY I CHOSE TTUHSC...

I chose and continue to choose TTUHSC for my present and future because of their focus on my person as a valuable member of a team, with diverse points of view and more meaning than a singular test score. The faculty has made it clear that I personally matter to them, and this is why if given the opportunity to choose again, I would choose TTUHSC 100 times over. I hope in the future I can be selected for an Ophthalmology residency position at our home program because honestly there is no place I would rather be.

BECAUSE YOU GAVE...

I would like to personally thank you for this scholarship. This financial help has meant the world to me. It will go a long way towards advancing my medical education so that I am free to learn how to take care of people. This scholarship will help alleviate some of the financial burden associated with medical school so I can concentrate on learning the field of medicine. Thank you very much once again, and I look forward to giving back to my communities in similar ways through my finances as well as my service!

WITH YOUR SUPPORT, I CAN...

I will be using this scholarship in order to help offset the cost of tuition. I plan to also use it to purchase study materials to better help me prepare for my rotations. You are allowing me to focus more on my studies and less on how I am going to be able to afford my education.

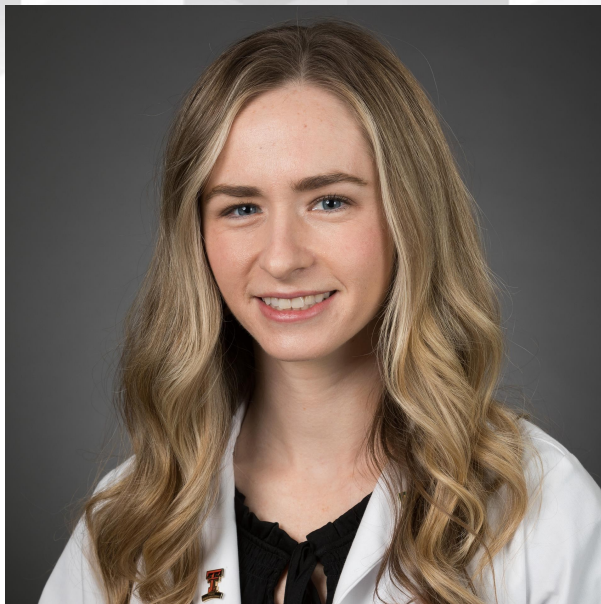

WHY I CHOSE TTUHSC...

I chose TTUHSC because it gave me a good feeling on my interview day. The students currently attending the school were really genuine and seemed down to earth. I also had alumni from my undergraduate university that attended TTUHSC and had amazing things to say about the program, such as the kindness of the faculty and the cohesion within the student body.

BECAUSE YOU GAVE...

Thank you so much for your donation! Your investment is helping me fulfill my calling of becoming a physician and ultimately caring for others in need. Now, more than ever, we are realizing the importance of health care providers; thank you for responding to the needs of this field! I hope to one day be able to offer such generous donations like yours to young students pursuing careers in health care. Thank you!

WITH YOUR SUPPORT, I CAN...

I am so grateful to have received a scholarship for the upcoming school year! This scholarship will lower my tuition expenses, and therefore allow me more funds for new expenses this year. Since I am beginning my 3rd year, I have recently made the move to Amarillo. This scholarship has come at a great time and will help with moving costs, as well the purchase of new resources as I start clinicals!

WHY I CHOSE TTUHSC...

I chose TTUHSC because I believe this institution is the perfect combination of a family-friendly environment, while also being a center of educational excellence. I knew that in coming to TTUHSC, I would receive a great education, while also being supported as a student and as a person. 2 years later, I am so thankful I chose to attend TTUHSC. I am so proud to be a student here and so thankful that TTUHSC is making my dreams of becoming a physician a reality!

BECAUSE YOU GAVE...

Even a small amount of support can go a long way for a medical student. This scholarship will not only help me afford my medical education but has also inspired me to pay it forward. I hope to not only work in disadvantaged communities, but to also support other students who are dreaming of becoming a physician.

WITH YOUR SUPPORT, I CAN...

This scholarship will help to alleviate some of the financial burdens for supporting not one, but two students in medical school for my family. As my brother began medical school here at TTTUHSC last year, the cost of supporting us in what little way my family can greatly increased. I will be using this scholarship to pay for the increased rent here in Amarillo, as well as for books and tuition.

WHY I CHOSE TTUHSC...

I chose TTUHSC mainly for its atmosphere. The student body and faculty were so welcoming when I first came here for my interview that I knew this school would be a place that I could thrive. The students here go out of their way to help each other in any way they can, rather than compete with each other as some other schools do.
