BECAUSE YOU GAVE...

Your investment in my future means more than I can put into words. In the past two years, I have been challenged more than I ever expected and have faced many obstacles, both personal and professional, that have added to the inherent stresses of medical school. With the overwhelming support of generous donors, family, classmates, and TTUHSC staff, I am able to work hard to overcome each obstacle with the goal of one day being able to pay it forward by helping others. I am honored to be trusted with this investment, and will not let you down.

WITH YOUR SUPPORT, I CAN...

This scholarship will lessen the financial burden as I head into my third year of medical school. As both of my parents (seen in my picture) are retired, I have been responsible for paying for my medical education, which has been difficult. I am very grateful for this gift and will use it to pay for my tuition.

WHY I CHOSE TTUHSC...

TTUHSC provided the best opportunity for me to pursue my goal of becoming a medical professional. This school offers numerous resources and a stimulating learning environment at an affordable cost. Also, attending TTUHSC allowed me to remain close to my parents and grandparents, who live in Lubbock, as well as my sister who just began her undergraduate education at TTU.
