

# YOUR *life* • OUR PURPOSE

**ALISA WHITE**  
School of Medicine

## BECAUSE YOU GAVE...

It is with the utmost gratitude that I thank you for your generosity and investment in my future. Since childhood, I have dreamt of becoming a doctor, and thanks to your help I am able to make this dream a reality over my time at TTUHSC. I look forward to this opportunity to learn and grow while making my family proud. In the future, I hope to give back to the community just like you to ensure that others are likewise able to acquire quality education.

## WITH YOUR SUPPORT, I CAN...

This scholarship will help me substantially in lessening the financial burden of earning my MD degree. As the first person in my family to become a doctor, I will benefit greatly from this financial relief. Furthermore, I am one of two individuals pursuing a degree in my household at present. I will use this scholarship to pay my tuition.

## WHY I CHOSE TTUHSC...

As a former student of Austin College, I was immediately attracted to TTUHSC by the Early Acceptance Program partnership, which I applied for. Upon visiting, I was impressed by the student satisfaction rating, affordability, and close-knit community of the campus. I anticipate that the supportive relationships amongst both students and faculty members will award me with a more hands-on and thorough education which will allow me to be the best doctor that I can be.
