BECAUSE YOU GAVE...

Being an immigrant and first-generation in college were difficult for me as I had no one to rely on. I was alone on my path to find my identity and purpose in life. Now I am standing here; having a goal and the confidence to overcome the obstacles thanks to the support of many individuals including my parents, friends, and strangers. Thank you for supporting me on this journey to become a physician. I promise I will be there for others as you are for me. I will give back to the community as you have for me.

WITH YOUR SUPPORT, I CAN...

This scholarship will definitely help with my relocation to Lubbock this summer. Having to move out of my house, I have many essential items to purchase and furnish my new home in order to make my transition to medical school smooth. More, thanks to this scholarship, I am able to budget a bit more into saving for emergency purposes. With this, I will be able to attend TTUHSC with less worry about my safety and health. Thank you!!

WHY I CHOSE TTUHSC...

My interview day at TTUHSC blew me away with how welcoming and amazing the people were. From faculty to students, I felt like home. One of the most important things I looked for in medical school is fit, because I'd love to spend my next 4 years here learning and being happy. Having the right community and people is necessary for me to achieve my goal in the future. Without a doubt, I will be able to succeed thanks to these incredible students and faculty.
