

# YOUR *life* • OUR PURPOSE

## BECAUSE YOU GAVE...

Thank you for your generous investment in the education of aspiring physicians like myself. My parents have always supported my academic and personal pursuits as best as they could, and your contribution will help ease the financial burden and stress that they would face. You are helping someone who is the first person in his family born in the US, first to earn a bachelor's degree, to earn a master's degree, and now a medical degree. Thank you, and I will pay this forward.

## WITH YOUR SUPPORT, I CAN...

These funds will be used to subsidize my tuition and living expenses. With these funds, I will be able to mitigate the amount of loans I would need to take out to help pay for rent, school supplies, and other cost of living expenses. More importantly, these scholarship funds will help mitigate the financial burden that my parents and I would face, which will allow me to better focus on my studies and academic goals.

## WHY I CHOSE TTUHSC...

I have a genuine love for the school and the Lubbock community. What I enjoy most about TTUHSC is the collaborative and dynamic student body and faculty that it supports and fosters, which has helped make learning fun for me. I know that for me to be successful I have to enjoy where I am, and I know TTUHSC will provide for me such an environment.
