

YOUR *life* • OUR PURPOSE

HAZAEEL HERNANDEZ
School of Medicine

BECAUSE YOU GAVE...

Thank you to the gracious sponsors of medical students at TTUHSC. I know first-hand the impact that such generosity can have on young students. I would not be in my current position if it wasn't for generous assistance from family, friends, administrators, professors, and mentors. I look forward to serving as a physician in the future and contributing to the medical body of knowledge so that communities may benefit.

WITH YOUR SUPPORT, I CAN...

Your support will decrease the number of loans I have to take out to pay for my education. I am a first-generation student and much of my school-related expenses fall on my shoulders. You are allowing me to be the best student I can be while I chase my dreams of being a physician.

WHY I CHOSE TTUHSC...

I choose TTUHSC due to the institutional emphasis on the well-being of faculty, staff, and students. TTUHSC and the Lubbock community provide an excellent space that promotes physical and mental wellbeing which is so critical to have during medical training. I look forward to using the knowledge and skills I will learn at TTUHSC in order to become the best physician I can be.
