

YOUR *life* • OUR PURPOSE

MICHAEL MEUTH
School of Medicine

BECAUSE YOU GAVE...

First and foremost, my sincerest gratitude for your donation to help students like myself pursue their dreams with less of the stress that comes with student loans. You set an example of selflessness, and efforts like yours help keep the spirit and culture of TTUHSC alive. I will use this scholarship as motivation and incentive to becoming the best medical student and doctor I can be. It is also my hope to one day be in a position of being a donor, as I recognize the huge relief a scholarship like this provides to a student in financial need.

WITH YOUR SUPPORT, I CAN...

Being a first-generation college student and the first of my seven siblings to pursue a graduate degree, it has been a rewarding yet financially challenging path. My parents have helped me in ways they could, yet I was required to take out student loans for my undergraduate and graduate education. I plan on continuing to work part-time during medical school to help alleviate the burden of these loans, however receiving this scholarship gives me more freedom to focus less time on work and more time on becoming the best medical student I can be.

WHY I CHOSE TTUHSC...

Lubbock has been my home for the last 5 years and being extended a pre-match offer from TTUHSC was the opportunity I had been waiting for since starting my undergraduate studies at TTU. I enjoyed my experience at TTU, and many of my cohort attend medical school as well, so it felt like the right choice for me. I wanted to live and attend school somewhere I feel comfortable, and being able to attend medical school in Lubbock seemed like the only decision for me.

YOUR *life* • OUR PURPOSE

ADIN MIZER
School of Medicine

BECAUSE YOU GAVE...

I want to thank every person and organization who has helped me financially through out my education. With out the support of so many generous people, I would not be attending medical school today. I have aspired to be an orthopedic surgeon since I was a senior in high school, and I am proud to say that six years later, I am still pursuing that goal. I hope to one day be able to help people stay active and pursue their passions for as long as they can.

WITH YOUR SUPPORT, I CAN...

The funds will help alleviate the financial burden of attending medical school. I will use these additional funds to help pay for USMLE STEP 1 study materials in order to achieve the best score that I can. A good STEP 1 score will be very beneficial in helping me achieve my goal of earning a orthopedic residency spot. I am very grateful for your support in so graciously chose to assist me in chasing my dream.

WHY I CHOSE TTUHSC...

I chose TTUHSC because I loved the family atmosphere of the staff and students. It is a great environment for learning and has great mentors to help push you to achieve excellence. I have grown up in West Texas, and I'm excited to learn how to become a physician by treating a community very similar to the one that raised me. The School of Medicine has many opportunities to help us be the best applicants and physicians we can be.
