ALEC EGAN
School of Medicine

BECAUSE YOU GAVE...

Thank you so much for this scholarship and the invaluable support that TTUHSC has given me. Medical school would not be possible for a poor kid from Abilene without these gifts. I cannot express how blessed I am to pursue my dream of attending medical school. The TTUHSC community is so supportive of its students and we could not be more thankful. Wreck 'Em!

WITH YOUR SUPPORT, I CAN...

This scholarship will be a huge help in supporting my family and my daughter's childcare while I am in school full time. Medical school is really challenging, but knowing that my daughter has a safe place to go and learn everyday while I study takes a huge weight off of me and my family.

WHY I CHOSE TTUHSC...

TTUHSC has given me the opportunity and tools to be a successful physician. I am so grateful for the chance that TTUHSC took on me. I was born and raised in Abilene, and I want to continue to give back to TTUHSC and the West Texas community in the future. The people around here are very special and learning and serving this area has been incredible.

KEITH HANSON
School of Medicine

BECAUSE YOU GAVE...

Every dollar I'm not worrying about means more focus on my specialty and studies. I intend to pursue an academic career and conduct research. I also want to pay forward the mentorship and kindness that was shown to me along the way in medical school. Working in academics generally means up to a 50% pay cut in my specialty of choice, and a lower debt burden makes the decision to pursue an academic career much simpler. I am extremely grateful for the assistance.

WITH YOUR SUPPORT, I CAN...

These funds will allow me to purchase books for the study of my chosen specialty, ophthalmology. They will also allow me to pay for my applications and interview associated costs. With this burden relieved, I am more able to focus on my clerkship performance during 4th year, and a better performance improves my chances of matching.

WHY I CHOSE TTUHSC...

My interest was sparked in TTUHSC because of the affordability of the school and the rigor of their academics. The faculty and support staff are all wonderful, and the administration really bends over backwards to make sure the students are taken care of. I've had a great time in medical school.

E.L. DOMINGO-JOHNSON
School of Medicine

BECAUSE YOU GAVE...

Thank you so much! Your scholarship has given me peace of mind, will allow me to perform at a high level on interviews, and ultimately will allow me to become a physician and help others as you have helped me. This scholarship means that I can chase my dream and focus on performing to the best of my ability. This scholarship means that I will not toss and turn all night thinking about how I am going to pay rent. From the bottom of my heart, thank you!

WITH YOUR SUPPORT, I CAN...

This scholarship will help me tremendously. Already this year I have had to buy items in order to succeed and look professional for interviews. In addition, applications for residency were going to be an enormous burden. This year in particular Covid-19 has been hard on any family or friends that I may have been able to lean on in a normal year.

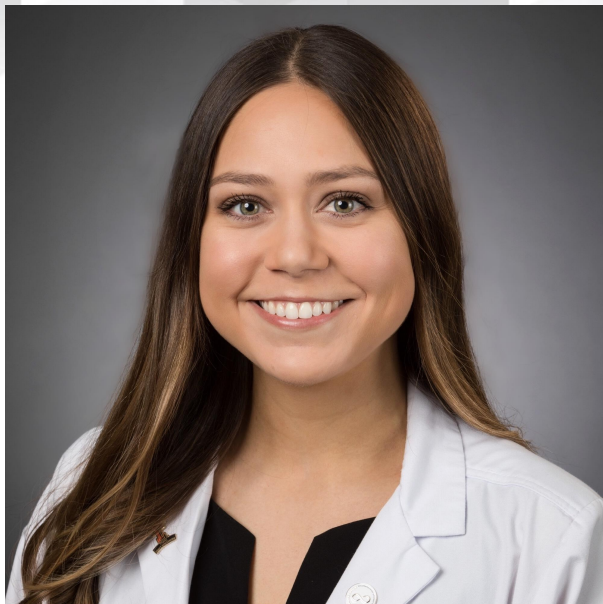

WHY I CHOSE TTUHSC...

I believe Texas Tech University Health Science Center School of Medicine is the best medical school, because from Dean Berk, to fellow students, to all the professors and the staff. Everyone wants to see you succeed and are willing to help in any way that they can. I know I made the right choice coming to TTUHSC and am so grateful to be here.

School of Medicine

BECAUSE YOU GAVE...

Thank you from the bottom of my heart for the incredible gift of a scholarship award. The cost of medical school is always something that worries me, and this gift helps more than you can imagine! I'm constantly blown away by the support I receive from TTUHSC and the entire Lubbock community; it is truly special and unlike any other place I have been. I hope to put this gift to good use through focusing on my education and pursuing the dream I've had since childhood of becoming a physician.

WITH YOUR SUPPORT, I CAN...

I will be using these funds for the associated fees related to the upcoming residency application cycle. This includes the fee to apply to programs, necessary items for interviews such as a suit, and any travel-related costs. Lastly, the widespread changes in education due to the current pandemic have caused additional costs to arise such as improvements to my source of internet and technology.

WHY I CHOSE TTUHSC...

When applying to medical school, the biggest factor that I considered during interviews was the amount of support and guidance I would receive as a student. I distinctly remember that the majority of the TTUHSC School of Medicine interview experience focused on these aspects of the school, which immediately drew me to it. TTUHSC takes pride in its culture, values, and attitude that all go towards supporting its students' success. This, combined with the support of my immediate family that lives close by in Wichita Falls, made my decision very easy to attend TTUHSC.
