

YOUR *life* • OUR PURPOSE

STEFAN RAICEVIC
School of Medicine

BECAUSE YOU GAVE...

I'm really glad that I'm being supported with a scholarship. I plan on making experiences in different fields of medicine including pediatrics, internal medicine, and rural health. So far, I've really enjoyed everything that I've seen, and I love making the most of my time in medical school. I should be starting my pediatric preceptorship next week, and I'll be working in cardiology research in the summer through MSSRP. I'm very grateful for this support, and look forward to what else will come this second year.

WITH YOUR SUPPORT, I CAN...

This scholarship will help me with my general expenditures, including apartment, rent, and food. I also plan on using this money to help me pay for STEP and my move to Odessa in June. This was very generous on behalf of TTUHSC, especially since it helps make sure that I am completely independent. You are allowing me to be the best student I can be without worrying about how I am going to pay for my education.

WHY I CHOSE TTUHSC...

I really liked TTUHSC when I visited. As a non-traditional applicant, I was so happy to see that TTUHSC actually believes what they say and supports non-traditional students. I still remember Dr. Berk talking about all the students in the class and their backgrounds during the white coat ceremony, and it meant a lot to me. I also really enjoyed my interview days, and the people chosen to do my interviews were very interesting and respectful.
