SEAN BULL
School of Medicine

BECAUSE YOU GAVE...

I would like to thank you for the scholarship donation. It has had a significant positive impact on my medical education, and has also allowed me to focus entirely on medical school. These scholarship funds go a long way, and we are all sincerely grateful for all of your generosity.

WITH YOUR SUPPORT, I CAN...

These scholarship funds will help me to pay for expenses while attending medical school. Also, they will help me to be able to focus entirely on studying and clerkships, as opposed to worrying about expenses. The cost of living in the Permian Basin is much higher than Lubbock, and these scholarship funds are very helpful.

WHY I CHOSE TTUHSC...

Of all the medical schools I interviewed at, TTUHSC was the most welcoming. I immediately felt as though I fit in. The staff at TTUHSC are enthusiastic about teaching, and very accommodating. Fellow students are very supportive as well. We all collaborate with one another and try to make each other better.

ALYSSA BEACH
School of Medicine

BECAUSE YOU GAVE...

Thank you for providing my scholarship. It makes such an impact to know that someone is helping on my journey toward becoming a doctor. I plan on pursuing trauma surgery as my specialty of choice. In the future, I plan to help donate time and/or money toward furthering others' education as well. I will not forget your generosity as I enter the workforce.

WITH YOUR SUPPORT, I CAN...

I will be able to use less student loan, meaning I will take out less to pay for my education. I plan on moving next year to start my residency, and any decrease in student loans is very much appreciated. I plan on pursuing a general surgery residency with plans to complete a trauma fellowship and practice in Texas.

WHY I CHOSE TTUHSC...

TTUHSC was actually the first medical school that interviewed me, so they really set the bar for the other interviews I had. My dad was thrilled that I matched into the Texas Tech System because he attended Texas Tech. I am glad to attend such a prestigious medical school and know I made the right choice coming here for medical school.

YOUR *life* • OUR PURPOSE

GEORGE CAO
School of Medicine

BECAUSE YOU GAVE...

As I enter the final year of medical school, I am closer to being able to make a greater impact on the world with a promising career. I did not grow up in a financial situation where my family could provide me all the materials needed to succeed, but my love for science kept me afloat in my pursuit for a career in medicine. I plan to use my career to remove potential barriers for those who were in my situation and worse.

WITH YOUR SUPPORT, I CAN...

This scholarship is going towards my tuition, boarding, and study materials. With this scholarship, I will now be able to afford the most up to date preparation materials for my board exams. To be a better doctor in the future, I will use the opportunity brought by these materials to improve the foundation of my clinical knowledge. Without this scholarship, I would not be able to afford my education at TTUHSC.

WHY I CHOSE TTUHSC...

I attended Texas Tech because of their unique 4 year dual MD/MBA program. I am pursuing administrative medicine, and TTUHSC and TTU provides me an opportunity to pursue my dream of helping patients on a system based scale. I believe I have gotten opportunities to learn about a unique community and hidden gem of West Texas where working together with everyone from foster homes, churches, teachers, and members at large can change everything.

RYAN ARISPE
School of Medicine

BECAUSE YOU GAVE...

I would like to thank you for providing me with this generous scholarship. This will help tremendously in allowing me to continue my education, and help with the costs of applying for residency programs. I hope to one day become a reproductive endocrinologist and provide exceptional care without the constraints that people attending other medical schools are burdened by.

WITH YOUR SUPPORT, I CAN...

The funds from this scholarship will be used to help defray the cost of housing in the Permian Basin. Without these funds, it would be extremely difficult to be able to pay tuition, gas, food, and the expenses that come with applying for residency. I greatly appreciate this gift that is being given to me.

WHY I CHOSE TTUHSC...

TTUHSC gives everything they can to the student. It is in an area that most students don't appreciate. This makes it easy to overlook how incredible the program truly is. I've been to many different schools for undergrad and none of them come close to how well TTUHSC treats and helps their students. I am impressed with the academic achievements of the graduates, and how the school prepares these students for a future residency.
