

YOUR *life* • OUR PURPOSE

JONATHAN JARMAN
School of Medicine

BECAUSE YOU GAVE...

I am very grateful for the many individuals who have made my successes possible. Specifically I'm thankful for donors who choose to give back to students like me, and help relieve the financial burden of pursuing an education. My wife and I have an 8 month-old daughter. Through the generosity of donors, like yourself, we will be able to spend less time stressing about how to fund medical school and more time enjoying our time together.

WITH YOUR SUPPORT, I CAN...

I plan on using most these scholarship funds to purchase some of the necessary equipment that is required for first year students. I will also be able to use some of this scholarship to pay for the cost of immunizations that are required, as they are often several hundred dollars. This is a great blessing to our family at this time as we prepare to begin medical school and are getting settled here in Lubbock.

WHY I CHOSE TTUHSC...

When applying to medical school and interviewing across the country, I recognized how welcoming TTU'S faculty and students were compared to all of the other campuses. I loved the atmosphere and the culture of togetherness. I wanted to be a part of that, which is why I chose to attend medical school at Tech.
