BECAUSE YOU GAVE...

Thank you so much. There even being a scholarship available is amazing. I am grateful to have been chosen to receive it. The scholarship will help me become the asset to society I have been trying to become with the end product being making those sick feel better. Thanks for helping me reach this opportunity.

WITH YOUR SUPPORT, I CAN...

These funds will go to help pay my expenses. They will go to food, housing, and school. They will also help me go out and take a break from school while at the same time help me stay focused on school by thinking less about all that I will owe in the future.

WHY I CHOSE TTUHSC...

Lubbock always felt like a second home. I am from Odessa and this was the closest larger city. Lubbock also has a small town feel with big city amenities and I love that. Lubbock being so close to home feels almost as if I'm still there with my family, but just far enough to avoid distractions from friends. Lubbock also has what seems to me the best medical school, TTUHSC. I love it. There is a very friendly and supportive atmosphere here that I feel has played a big role in my education.

BECAUSE YOU GAVE...

Thank you so much for helping me. I grew up in a poor family and have had to fund college, grad school, and medical school on my own or through the grace of people like you. I am so grateful that my community has helped carry me to this point. I plan to pay it forward through my medical career. I will never forget being that poor child on Medicaid or going to the community health center for free vaccines. Now it will be my turn to serve the poor and underserved. Thank you.

This scholarship will help with my residency applications. In lieu of COVID, my home income has been reduced and I was worried about how I was going to pay for ERAS application fees. They can start of rack up in cost with each new residency you add. With this scholarship, my worries about funding these applications are gone. Money will not be a limiting factor in how many places I will apply to.

WHY I CHOSE TTUHSC...

TTUHSC is special to me because of how kind everyone was. The faculty at TTUHSC seemed like genuine people who loved their town, loved their patients, and loved their school. I have never seen this type of loyalty to a place in my entire professional or personal life. In addition, they welcomed newcomers with open arms to join their community. It was clear to me that this was the place for me to study medicine.

Thank you for planting this seed of generosity in this community.

This scholarship will definitely help me achieve my goal of becoming a medical doctor. The scholarship will be used to further my education. The scholarship will be used to tackle the educational expenses that arise in my 4th year of medical school. As 4th year is my final year, this scholarship will make sure I get to my dream of becoming a doctor.

BECAUSE YOU GAVE...

As a first generation college graduate from a small, rural town, my path to medical school was anything but easy. Since arriving here, my journey has been full of love, encouragement, and support from my classmates, TTUHSC faculty, and the Lubbock community. It is so easy to thrive in an environment like this, and this scholarship is absolutely a cornerstone in the foundation of support that helps me be the best student I can be now in order to be the best physician I can be in the future. Thank you so much for believing and investing in me!

WITH YOUR SUPPORT, I CAN...

One of the biggest stresses in medical school is worrying about future financial obligations, especially with multiple prior degrees and the student loans that come along with that. I am so grateful for any help in reducing this burden. Receiving this scholarship allows me to worry less and focus more on my academic and professional growth here at TTUHSC.

WHY I CHOSE TTUHSC...

My interview day at TTUHSC instantly captivated me. The faculty seemed so genuine and friendly, from Dr. Mitchell personally connecting with each and every interviewee at breakfast to the physician that took time to help me find my way back to the group after I took a wrong turn. My interviewers seemed interested in talking about "me" as a person and not only my accomplishments. The students made me feel so at home as well, and I knew this was the kind, supportive, encouraging place I needed to be.
