DAEMAR JONES
School of Medicine

BECAUSE YOU GAVE...

Firstly, I really want to show my gratitude and thanks for providing me with this scholarship. I never let cost get to me when I am trying to pursue my education, but this definitely relieves the stress that is put on my family. I am appreciative, especially coming from a low-income family that wanted the best for me even if they could not provide. They are the reason why I keep on pushing and this scholarship makes the push easier. Again, thank you so much for this great opportunity.

WITH YOUR SUPPORT, I CAN...

With this scholarship, I will be able to invest the funds into better education tools for my future. Coming from a family that has no experience with college and graduate school, they were not able to help out with funds for necessities. I plan to invest in learning necessities to facilitate my learning to become the best physician I can be. I plan to purchase textbooks, equipment for anatomy dissections, and proper physician equipment to increase my skills to become a doctor.

WHY I CHOSE TTUHSC...

While being the first person in my family to be accepted into college, Texas Tech was the only school to welcome me with warm arms out of the other schools. Being involved in the Lubbock community, I decided to stay because I never felt more at home. I chose TTUHSC because I know for a fact that I will have the highest satisfaction while in school. I know I can pursue my goals with the complete support of the faculty.

TRIET LE
School of Medicine

BECAUSE YOU GAVE...

Thank you so much for generously supporting the dream of continuing education for many generations of students. With support from this scholarship, I will continue to study and gain more experience in the medical field, so that later I can use what I learned to help others who are in need.

WITH YOUR SUPPORT, I CAN...

This scholarship will help me pay for the necessary equipment for medical schools such as books and stethoscopes. I can also use part of the scholarship to pay for my room and board. In addition, I will save part of the scholarship as an emergency fund so I could concentrate on studying without worrying about uncertainties in the future.

WHY I CHOSE TTUHSC...

When I interviewed at TTUHSC, I always felt welcome by the upperclassmen, professors, and staff. Only at TTUHSC, I found a strong scent of unity and community orientated from every people that I met. Moreover, I'm really impressed by the multidisciplinary approach and the hand-on teaching method of the TTUHSC curriculum.

JAKE SELLERS
School of Medicine

BECAUSE YOU GAVE...

Thank you for your generous contribution that allows me to continue my education to become a physician. I decided to become a doctor in order to give back medically to underserved populations like the one I grew up in. Your scholarship will allow me to participate in medical activities such as research and community service, helping me grow into the most successful physician I can become. Lubbock is a special place to me, and I appreciate your help in allowing me to continue my mission to become a rural medicine physician.

WITH YOUR SUPPORT, I CAN...

This scholarship will relax the financial burden placed upon me and my family, allowing me to be the best medical student possible. I will use these funds to purchase textbooks, lab equipment, and any other study materials necessary to excel in TTUHSC SOM's curriculum. These funds would also contribute to my course expenses, freeing finances for necessities such as living expenses. This will allow me to be able to volunteer in medical activities such as research and community service.

WHY I CHOSE TTUHSC...

Growing up in West Texas (Lubbock, Amarillo, and Odessa), I would love to continue to live and practice medicine in this area. I have seen first-hand the lack of healthcare in the surrounding rural communities, and I believe it is important to give my time to this underserved population. TTUHSC SOM's mission aligns with my own, and I believe this school will allow me to grow into the physician I strive to become.

TAYLOR GOODFELLOW
School of Medicine

BECAUSE YOU GAVE...

I would like to thank you for the support that you give every Texas Tech student, emotionally and financially. Part of my biggest worry about medical school is finding a way to pay for it, and with your contribution, that allows me to focus more on the subject that I love learning. I have lived in Lubbock for over eight years, and I cannot imagine starting my medical career anywhere else!

WITH YOUR SUPPORT, I CAN...

With this scholarship, I will be able to pay for my tuition. While I still plan to take loans for the rest of the tuition not covered, being given a scholarship helps with the stress that comes before the classes start. If any of this scholarship is over the base tuition amount, the rest will go towards books, housing and/or extra materials needed for class.

WHY I CHOSE TTUHSC...

I have lived in Lubbock for about eight years now, and I have grown accustomed to the friendly atmosphere that Texas Tech offers. I am not a traditional student, as I took many years nursing before I decided to go back to school for more. Now, I cannot imagine starting my medical career anywhere else. Texas Tech gave me an amazing undergraduate career, Covenant gave me ample work experience as a nurse, and I know that the TTUHSC will give me the right materials to have a long career.

BRANDON COUCH
School of Medicine

BECAUSE YOU GAVE...

Your generous donation to my education will allow me to focus more on studying medicine. This will have the ultimate effect of me becoming a better doctor than I would have been otherwise which will be reflected in the quality of patient care I will provide. As for now though, this scholarship relieves some of the stress and burden of trying to figure out how to fund everything by myself which is very taxing.

WITH YOUR SUPPORT, I CAN...

I will apply this scholarship to my tuition. This will allow me to reallocate money to my costs of living such as rent and a healthy diet. By having this scholarship, I will be able to focus more on my studies and less on my debt. By removing some of the stress associated with medical school, I will not only be healthier, but I will also perform better.

WHY I CHOSE TTUHSC...

While interviewing at different medical schools, I gained a little bit of insight into each one. I found that TTUHSCSOM had a friendlier environment than some of the other schools I interviewed at. Based on the people I met while touring around the school, I believe that I will be accepted into the SOM community. Although Lubbock is still a large city, it reminds me more of my home town than many of the larger cities I interviewed in. This makes it feel more like home.
