

YOUR *life* • OUR PURPOSE

SHEA BURKETT
School of Medicine

BECAUSE YOU GAVE...

Thank you so much for your donation and providing scholarship funds for myself and other students. I appreciate your generosity and plan on using this money to finish my medical education. I will be going into family medicine and hope to stay in the area and practice rural medicine. I grew up in West Texas and can't wait to practice medicine in these under-served populations.

WITH YOUR SUPPORT, I CAN...

This scholarship money will help aid in the costs of applying for residency and any other costs associated with the interview season. It will also help with tuition costs and living expenses for both semesters. I am also planning on getting a more reliable computer and this will help cover the costs of that.

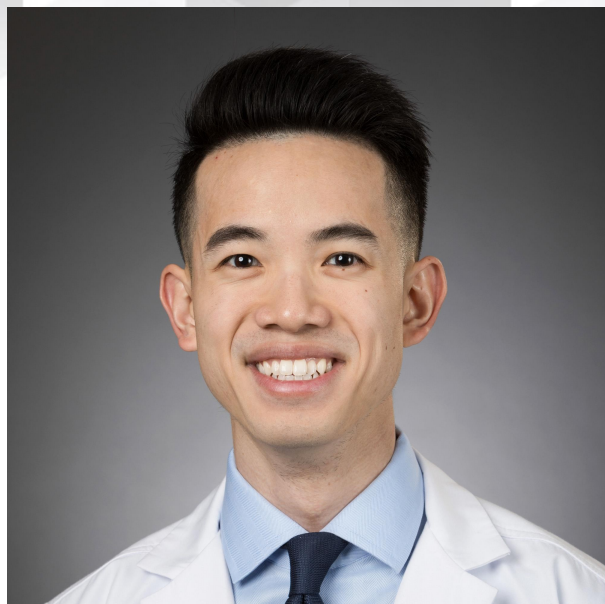

WHY I CHOSE TTUHSC...

I chose TTUHSC so I could stay close to my family and the area that I grew up in. I was born and raised in West Texas and would love to stay here after medical school for residency. I am interested in doing rural family medicine and TTUHSC has a great program that is centered around creating rural doctors to practice in under-served areas.

ANDREW DIEU
School of Medicine

BECAUSE YOU GAVE...

Thank you so much, every donation helps immensely. I will be sure to make it worthwhile and give my best effort towards my education so I can give my future patients the best care I could potentially offer. I am aspiring to go into oculoplastic surgery so I can work with trauma patients

WITH YOUR SUPPORT, I CAN...

These scholarship funds will help me afford food and other living expenses. I am glad that I don't have to worry about having to work so I can focus entirely on my studies in medical school. The funds will be very important going into 4th year interviews to help defer the costs of plane tickets and hotel stays. Thank you!

WHY I CHOSE TTUHSC...

When I interviewed at TTUHSC, I felt the most welcome here. The staff and students were all accommodating and made me feel like this is a place that will support me through my medical school career. It is three years later, and I am still happy with my decision to attend TTUHSC
