

YOUR *life* • OUR PURPOSE

REAGAN COLLINS
School of Medicine

BECAUSE YOU GAVE...

I really appreciate your generous donation for making this scholarship possible. I grew up with a single mom who instilled in me a drive to achieve anything I dreamed of and because of this scholarship, you are helping make my dream of being a physician come true. Following completion of medical school, I intend to give back to those who haven't been as fortunate as me throughout life by working for health equity in underrepresented populations. As a physician, I want to work to break down the socioeconomic barriers to healthcare to make quality healthcare something accessible to all people.

WITH YOUR SUPPORT, I CAN...

This scholarship will allow me to truly focus on my medical school education instead of having to work to fund my essential daily needs such as food and housing. With the extra time I will have by not working, I can prioritize my success in the classroom and dive into everything the medical school has to offer to be a more well-rounded physician.

WHY I CHOSE TTUHSC...

When deciding on the best medical school to attend, I wanted a place where community was important, doctors were truly compassionate towards patients, and a school that cared about the success of their students. Texas Tech University Health Sciences Center School of Medicine encompasses just that. I will be able to stay close to home since I am from Lubbock and have the support of my family and friends, while also having the opportunity to receive an excellent medical school education that will prepare me for my future aspirations.
