MICHAEL CAREY
School of Medicine

BECAUSE YOU GAVE...

Thank you so much for your gift! Medical school is a very expensive endeavor, and your contribution helps to make medical school more affordable. Your gift will let me focus more on school and less on the financial stresses of medical school. I have been a resident of West Texas even before attending TTUHSC and have seen first-hand how they contribute to the health of the community. I plan to practice in West Texas after school, and your gift helps make this possible.

WITH YOUR SUPPORT, I CAN...

I will be able to pay for my student insurance premium, as well as some of my medical school tuition. My health insurance premiums are several thousand dollars a year, which adds up immensely over the course of four years. This award will make that cost more manageable and reduce my financial stress while in medical school. Thank you for support, it means the world.

WHY I CHOSE TTUHSC...

I chose TTUHSC because of its dedication to the people of West Texas. Prior to attending TTUHSC, I lived in Midland, and experienced the shortage of health care professionals in West Texas first hand. I learned about how TTUHSC trains physicians for West Texas, and knew this was the school for me. I am very happy with my choice, and TTUHSC is preparing me to be an asset to the West Texas community.

BECAUSE YOU GAVE...

I would like to sincerely thank you for your generous scholarship. These funds really take the stress off taking loans and paying for medical school. As I go into my second year, I plan to perform to the best of my ability as I continue my education. I hope in the future that I can also donate to students facing similar financial circumstances. Thanks again for your donation.

WITH YOUR SUPPORT, I CAN...

This scholarship will alleviate the financial stress of taking loans and will allow me to focus more on my academic responsibilities. This especially is beneficial to me as I will be going into my second year of medical school and will need to put more emphasis on preparing myself for STEP 1. With this scholarship, I can purchase question banks and other resources I can use to help me perform the best on STEP.

WHY I CHOSE TTUHSC...

When I attended my interview at TTUHSC SOM, I quickly realized the camaraderie that existed within the class. It was apparent that medical students here work together which unfortunately isn't always the case at other schools. In addition to this, it was very clear that the faculty worked hard to facilitate the suggestions and criticisms of the students and had a passion for teaching and mentoring. These two factors are what led me to continue my education here at TTUHSC.

MIRIAM SHAYEB
School of Medicine

BECAUSE YOU GAVE...

I would like to express my sincere gratitude to those who have made this generous scholarship possible. As I enter my second year of medical school, I am continuing to develop an interest in primary care and in providing healthcare to underserved communities.

Additionally, I am completing a certificate in Medical Humanities and am the current President of the Medical Ethics & Humanities student organization. This scholarship will help me to continue to learn the art and science of medicine, to learn about healthcare in West Texas, and to contribute to TTUHSC student organizations and the Lubbock community. Thank you!

WITH YOUR SUPPORT, I CAN...

This scholarship will help me continue to pursue my goal of becoming a physician. It will be used toward the tuition and expenses for my second year of medical school. This generous scholarship takes a large stress off my shoulders as I continue to learn about the art and science of medicine at TTUHSC.

WHY I CHOSE TTUHSC...

I was born and raised in West Texas, and then attended college in Houston. When I interviewed at TTUHSC, the kindness of the students and faculty, the emphasis on humanistic clinical training in the curriculum, and the mission of the school to educate health professionals for West Texas immediately stood out to me. I am very grateful to attend an institution that understands and serves West Texas and trains medical students to become compassionate and collaborative physicians who strive to provide exemplary patient care.

BECAUSE YOU GAVE...

Your investment in my future means more than I can put into words. I come from a very humble background with very few advantages, and I have often times had to forego opportunities because of my financial situation. My parents couldn't even afford to take time off of work to come to my white coat ceremony. Because of this, I greatly appreciate scholarships so that I can focus on being the best doctor that I can be. I love giving back to the community and working with the free clinic and this scholarship makes that possible.

WITH YOUR SUPPORT, I CAN...

These funds will help me be able to afford things that I would not be normally able to do so. My budget is very limited, and I am very careful with how much I spend. Because of this, there isn't much left over for me to attend research conferences or purchase materials for STEP practice. You are allowing me to be a better student and focus more on my education, rather than my finances. You are truly making a difference in mine and my fiancé's lives.

WHY I CHOSE TTUHSC...

Out of all of the schools I interviewed at, TTUHSC made me feel the most welcome out of all of the schools I interviewed at. More so, I felt that they took the time to truly go through my application and highlight details I was most proud of. By doing that, I felt that the school really looked at my application as a whole rather than focusing on scores.
