BECAUSE YOU GAVE...

I am very appreciative to be receiving this scholarship, it will be helping me more than you know! It will allow me to complete my training as an OMFS resident to surgeon. I plan to use my training to go to Nigeria and treat those in my home country that are often neglected and forgot about.

WITH YOUR SUPPORT, I CAN...

I will be moving from California to Texas to attend this program so I will be using the funds to help with that transition. I will also be able to have money for rent, bills and food. this scholarship will assist me because it will also help me to purchase the supplies that I need for the my education.

WHY I CHOSE TTUHSC...

I have been accepted into the oral and maxillofacial residency program at Texas A&M college of dentistry. Attending this medial school will allow me to have better patient care and understand the day to day of how things work in the hospital. I also feel my education here will allow me to treat my patients in a more comprehensive way.

BECAUSE YOU GAVE...

I would like to thank the donor who provided me the opportunity to obtain this scholarship. My dream has always been to become a surgeon, and I am now on my way to accomplishing this goal by enrolling at TTUHSC. This dream goes well beyond my personal aspirations; it will provide me with the opportunity to obtain financial security and take care of my family.

WITH YOUR SUPPORT, I CAN...

This scholarship will lessen the financial burden as I pursue my medical doctorate degree. My family is currently facing a very challenging time, and we are attempting to minimize all costs to deal with this hardship. The Rudd scholarship will help ease the cost of financing my MD education at Texas Tech.

WHY I CHOSE TTUHSC...

I enrolled in TTUHSC as part of my oral and maxillofacial surgery residency program through the Texas A&M College of Dentistry / Baylor University Medical Center. I am extremely grateful to have the opportunity to further my education at an institution like Texas Tech. I am new to Texas, but I look forward to supporting my new university!

ESHAAN MEHTA
School of Medicine

BECAUSE YOU GAVE...

I am so grateful for whomever made this scholarship possible. I have dreamed of attending medical school since I was a child. I almost gave up on my dream when I went to dental school instead, but I am so fortunate to be able to now attend both. However, the financial burden of two doctoral educations is quite staggering. Thus I thank the sponsor for helping me along the way with this amazing scholarship.

WITH YOUR SUPPORT, I CAN...

First of all, thank you very much for the scholarship award! As a dentist and now medical student, I have a very high burden of debt from dental school. These funds will certainly help me progress through my career and help me make a dent in my overall debt burden. They will also help me with my daily living expenses as COVID-19 has really brought on hard times for my family and I.

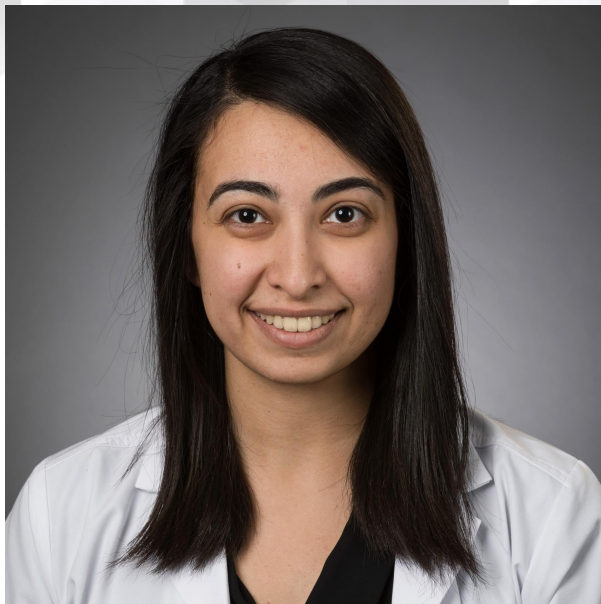

WHY I CHOSE TTUHSC...

TTUHSC is the best of everything in my opinion. I wanted a great education mixed with a friendly environment. TTUHSC is also one of the most financially friendly medical schools, which helps a lot considering I have already gone through 4 years of dental school and paid the price for it. Lastly, TTUHSC has staff that genuinely cares about its students and that's something you find everywhere.

SARA BAHMANYAR
School of Medicine

BECAUSE YOU GAVE...

Thank you very much for your continued generosity and support of the oral & maxillofacial surgery residents year after year. This scholarship provides much-needed and appreciated aid in offsetting the high financial cost of our medical education, allowing us to focus our efforts instead on obtaining a quality didactic and clinical learning experience.

WITH YOUR SUPPORT, I CAN...

This generous scholarship will go towards paying my medical school tuition. It will help me achieve my academic goals while reducing my financial burden. This scholarship is especially helpful since I am not taking out any student loans and paying the remainder of my tuition and additional costs out of pocket.

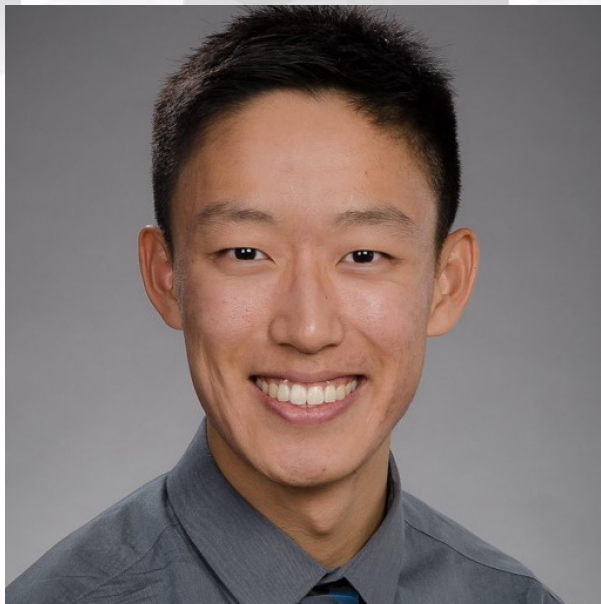

WHY I CHOSE TTUHSC...

I am currently a resident in the Texas A&M Oral & Maxillofacial Surgery 6-year MD-integrated residency program. As part of this program, we traditionally spend 2 years at TTUHSC and obtain our MD from TTUHSC. TTUHSC's medical school curriculum is great in that it provides me a quality didactic and clinical education.

STEPHEN SIEW
School of Medicine

BECAUSE YOU GAVE...

My story behind ending up at TTUHSC began with my residency in Oral and Maxillofacial Surgery at Texas A&M University. My aspiring goal of being an oral surgeon brought me to TTUHSC to further my medical education to develop a deeper understanding of the medical sciences relevant to oral surgery. I would love to donate my time following graduation to participate in volunteer events throughout my community, as I did in the past when I was a dental student trainee.

WITH YOUR SUPPORT, I CAN...

These scholarship funds will allow me to spend more on educational materials that will further enhance my experience at TTUHSC. In these already difficult financial times, having this scholarship will be extremely useful for me in being able to continue learning without worrying too much about other financial obligations. I will likely purchase textbooks and other subscriptions to online courses with these funds.

WHY I CHOSE TTUHSC...

TTUHSC has a strong commitment to quality education, yet is incredible affordable. I've been drawn to TTUHSC for both its aspects, and I know the training here is top notch. My education is preparing me to become a great physician and having already been here for a year, I am glad I picked TTUHSC.
