

YOUR *life* • OUR PURPOSE

BRITTANY ANDERSON
School of Medicine

BECAUSE YOU GAVE...

I am incredibly grateful for this generous donation. My future goals include completing a residency in pediatrics and working in an academic center. I have a passion for children and admire their resilience. I hope after I complete residency I will be able to give back to other medical students as you have to me.

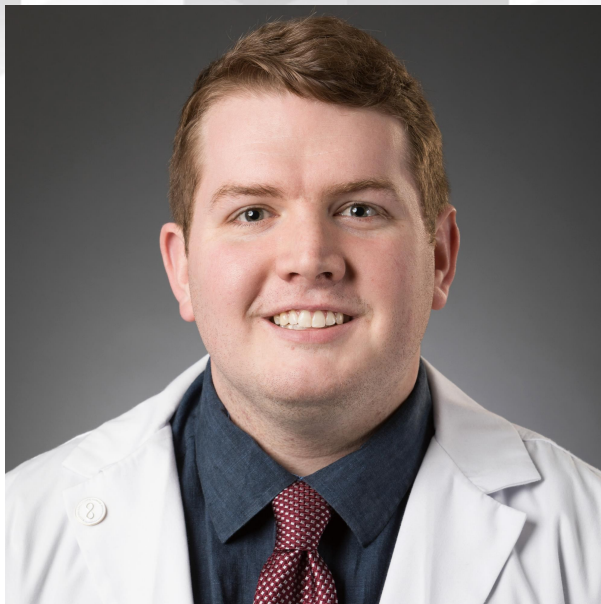

WITH YOUR SUPPORT, I CAN...

I am a 4th year medical student applying to a pediatric residency program. This scholarship will allow me to afford the extra costs associated with applying to residency. Also with this generous scholarship, I am able to apply to more programs that I otherwise would not be able to afford. This will give me a great opportunity to match into a program that will train me to be the best pediatrician.

WHY I CHOSE TTUHSC...

I attended Texas Tech University for my undergraduate education. During this time I was able to shadow several physicians at University Medical Center. These physicians were always willing to teach, open to questions and passionate about their patients. I chose TTUHSC in order to learn from these incredible physicians. I can only hope that I become as well rounded as these physicians.

KYLE MADISON
School of Medicine

BECAUSE YOU GAVE...

Thank you so much for this scholarship. It really is a blessing to my family and I. We are currently providing respite care for foster families in the Lubbock area, and plan on becoming a foster family ourselves in a few years. This scholarship will decrease the amount of debt I will graduate under and enable us to love those kids more generously.

WITH YOUR SUPPORT, I CAN...

These scholarship funds will go to help pay my tuition, and ultimately decrease the amount of student debt that I graduate with. This is extremely valuable to my family and I because of the increased peace of mind that it allows. It is also a blessing to us because we are currently providing respite care for foster families in the Lubbock area, and plan on becoming a foster family ourselves in a few years. This scholarship will decrease the amount of debt I will graduate under and enable us to love those kids more generously.

WHY I CHOSE TTUHSC...

I chose TTUHSC because of the collaborative and supportive environment between the students. I wanted an education where the students supported and helped each other rather than competed and sabotaged their fellow classmates. TTUHSC provided this environment and during my education here I have made friendships that will last throughout my professional career.
