JOANNA STEED
School of Medicine

BECAUSE YOU GAVE...

I am greatly appreciative of this scholarship. I am the youngest of five of a single household, and the first in my family to attend medical school. Because of this, medical school has been a learning experience. This scholarship will help ease some of the financial stress during this time. I want to thank you for your support, and I am excited for the time and experiences in Lubbock.

WITH YOUR SUPPORT, I CAN...

This scholarship will help ease some of my financial stress over the year. I am the primary financial supporter, and since I am no longer working full time, this scholarship will help me through my education. This scholarship will go towards my medical school education and textbooks for my second year.

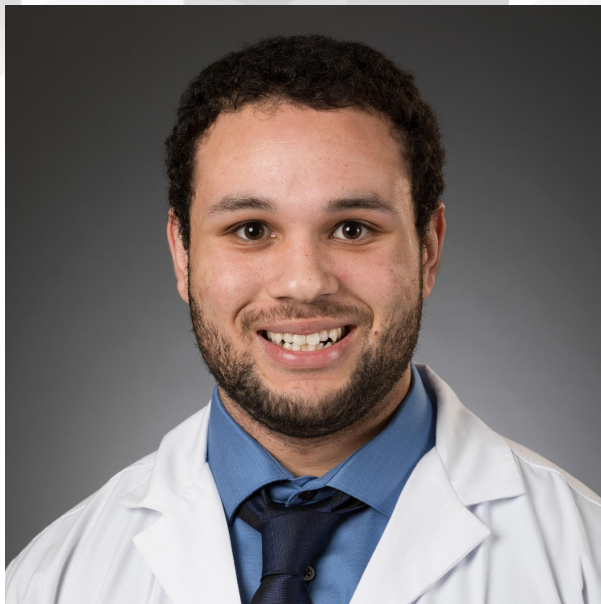

WHY I CHOSE TTUHSC...

I chose TTUHSC due to the family-like quality this educational community provides. I was able to do a master's program in the Graduate School of Biomedical Sciences and, got to witness how TTUHSC students, physicians, and professors work together to help everyone succeed in their goals to work in the medical field. I am glad I get to now continue my education in medical school at TTUHSC. I also enjoyed seeing the focus on multidisciplinary education and how to work altogether. I am glad I get to be apart of this TTUHSC family.

KYLE GROSE
School of Medicine

BECAUSE YOU GAVE...

Thank you so much for this generous scholarship. It feels great to know that someone is willing to give money in order to help advance my dream/career. Being able to leave school with lower debt will make my transition to a practicing doctor much easier. I hope to one day pay it forward to other students who also greatly benefit from a scholarship much like this one.

WITH YOUR SUPPORT, I CAN...

This scholarship will help me fund my dream of being a doctor. By having my tuition greatly reduced I will be able to graduate with a much smaller debt burden. The money also allows me to pay for all the various licensing exams I have to take, which are quite expensive. Thank you for supporting me as I continue my education.

WHY I CHOSE TTUHSC...

Growing up in Texas, I wanted to stay in state. During my interview at TTUHSC SOM, everybody was so friendly and made me feel welcomed. I also liked that on some clinical rotations you get to work at community clinics to get a feel for what it is actually like in practice outside of a hospital.
