BECAUSE YOU GAVE...

My parents immigrated from Mexico when they were only 16 years old in order to provide a better future for my siblings and I. Even though I grew up not understanding English, my mom and dad ensured that I had access to a quality public school system. Thanks to their efforts, I was able to make it this far. Thanks to donors like you, I can continue pursuing my goal of becoming an OB/GYN. One day, I hope to start a non profit organization that will help immigrants and non-English speakers.

WITH YOUR SUPPORT, I CAN...

With the funds I have received, I have the opportunity to help pay for rent and basic necessities. It is not easy being a low-income, first generation medical student. Although I have the opportunity to take out loans, I am still limited on my day to day expenses. With generous donors such as you, however, my dreams continue to become reality.

WHY I CHOSE TTUHSC...

As soon as my interview day was over, I knew that I wanted to attend TTUHSC SOM. The environment within the student body and administration was that of a family. Every single individual I met during my interview day was so welcoming and genuine. I truly felt like this school focused on the success of each student and encouraged diversity and inclusion.
