BECAUSE YOU GAVE...

Thank you so much for your support! I appreciate your kindness and generosity. I plan on using these funds to support my learning to become a successful physician. I would like to give back to my community by serving in primary care as a Family Medicine Physician. I plan on donating my time to free health care clinics to care for the marginalized and underserved populations in my community.

WITH YOUR SUPPORT, I CAN...

These funds will allow me to purchase extra material to aid in my studies like books and online study aids. These study aids can be very useful in helping students earn high scores on standardized tests and in-house exams. Without this support, I may not have been able to purchase study aids and books that will help me succeed in medical school and beyond.

WHY I CHOSE TTUHSC...

I chose TTUHSC because of the friendly atmosphere. As a master's student at the Health Sciences Center, I felt genuinely cared for by my faculty and staff. TTUHSC has been an incredibly nurturing environment and I couldn't imagine a better place to study medicine. I have always felt supported by my professors and administration here at TTUHSC and because of their support I am able to succeed in my classes. It was really important for me to be in a close-knit, family environment and I was lucky enough to find that at TTUHSC.
