BECAUSE YOU GAVE...

I want to thank you for your generous donation! Even before medical school, I spent many of my days working at UMC with long nights at the Preston Smith Library to study. This scholarship is a symbol of generous individuals like yourself believing in their youth. Thank you for investing in me, so that I may continue to spend my days investing in my education.

WITH YOUR SUPPORT, I CAN...

This scholarship will significantly help me this year in medical school. I plan on using it to purchase study aids like AMBOSS. This educational tool will be incredibly helpful during medical school and residency. These study aids are one of the primary tools I use to test my knowledge, and often times, the financial cost is the major factor in not using it.

WHY I CHOSE TTUHSC...

I chose Texas Tech University Health Sciences Center because of the wonderful culture of the school, UMC and Lubbock. During my undergrad at TTU, I began volunteering and working at UMC. While at UMC, I meet many great students and faculty affiliated with TTUHSC, and I knew I wanted to join them.
