BECAUSE YOU GAVE...

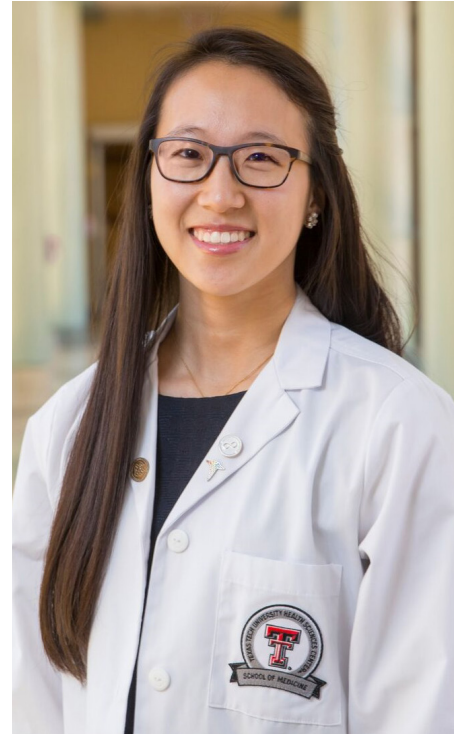

Thank you so much for the opportunity and generosity - it means so much for students to have support and continued encouragement from donors. With this scholarship, I will continue to be the best student and professional I can be, and uphold the values of TTUHSC. I am so fortunate to have a large supportive network in the TTUHSC/Lubbock community. Thank you!

WITH YOUR SUPPORT, I CAN...

This scholarship will help me in the academic, professional, and community service realms of my life. I have had the incredible opportunity to work in a team environment in all my endeavors on the TTUHSC campus, in addition to the Lubbock community. I specifically love spending my time at The Free Clinic at Lubbock Impact alongside 5 of my classmates. Every clinic week, I learn how to manage patient flow, navigate real-time situations, address the health disparities within an at-risk Lubbock population and be an effective team member and communicator.

WHY I CHOSE TTUHSC...

I chose TTUHSC for its focus on primary care, interprofessional collaboration and dedication to the underserved. Throughout my first year of medical school, I have seen these themes play out in different situations and I am incredibly grateful. I love leading The Free Clinic along with 5 of my classmates and providing holistic health care to the underserved adult population of Lubbock. I also enjoy working with different professions/schools and learning utilize each other's strengths to create the best outcomes for patients.

BECAUSE YOU GAVE...

Thank you so much for this contribution! I am very grateful for your help in my medical school journey.

WITH YOUR SUPPORT, I CAN...

This scholarship will allow me to focus more of my time and efforts upon my studies vs. worrying about finances. It's been a huge relief for me!

WHY I CHOSE TTUHSC...

I chose TTUHSC because of the people and the wonderful community here in Lubbock. When I interviewed, I really enjoyed my stay here! Coming from Dallas, I missed living in a small town and all the perks that accompany it. My family actually relocated to the area as well after visiting. One year down, and I definitely feel that I made the right decision!
