

KRISTIE BENEJAN GEIGAL

Texas Tech University Health Sciences Center
School of Medicine

BECAUSE YOU GAVE...

Thank you so much for the donation. I do not think anyone could understand the major impact the scholarship truly has on me. Not only does it relieve financial burden, but it is also a reminder that someone believes in you and your future aspirations. Another one of my future goals is to become a scholarship donor for students aiming to help their under-served communities.

WITH YOUR SUPPORT, I CAN...

This scholarship will greatly relief the burden of school related finances that tag along with medical school. Part of the stress of becoming a family medicine doctor involves paying back the same amount of loans as our fellow classmates but having a relatively lower income. These funds help lower the loan amount that I will have to pay back at the end of my studies, especially since 100% of my income comes from federal loans.

WHY I CHOSE TTUHSC...

I choose TTUHSC because of their location in West Texas as well as their three year Family Medicine Accelerated Track program. Part of my future goals as a doctor is to help the underserved communities such as Lubbock and nearby cities. This program not only allows me to graduate a year earlier but also guarantees me a family medicine residency while minimizing my educational costs.
