BECAUSE YOU GAVE...

I am truly grateful and honored to receive this scholarship. I was thrilled when I found out I would be receiving this aid. As someone who is moving to a new city, I am deeply warmed and appreciative of your support. Thank you again for your wonderful generosity.

WITH YOUR SUPPORT, I CAN...

The scholarship will help me afford tuition and also decrease the financial burden caused by living expenses. I hope to lessen the amount of loans I take out as much as possible. I am very grateful and honored to receive this scholarship. The aid allows me to devote more of my attention to my studies in order to become the best future physician I can be.

WHY I CHOSE TTUHSC...

I chose TTUHSC because it is a well-established medical school. I love the friendliness of the students and staff. The short distance to the Dallas/Fort Worth area as well as the affordability of the university made the choice easy for me.
