BECAUSE YOU GAVE...

I would like to thank you so much for choosing me for this scholarship. I am sincerely honored to have been selected as a 4th year medical student for this financial assistance. As I look forward to graduation and starting residency in my chosen field of Anesthesiology, I know that this scholarship will help reduce my financial burden as I complete my rotations and finish medical school. Thank you again!

WITH YOUR SUPPORT, I CAN...

I am so thankful to have been selected to receive this scholarship. Your generosity allows me to make my goals and dreams of becoming an Anesthesiologist with a fellowship in critical care/sleep medicine a reality!

WHY I CHOSE TTUHSC...

TTUHSC was one of the few schools that I interviewed at that made me feel comfortable and at home. I knew that by choosing TTUHSC for medical school I would be able to not only learn but excel in a caring environment. As I transitioned from 2nd to 3rd year, I grew closer to the broader TTUHSC community as I moved to Amarillo, Tx. Here, I was exposed to a different but vibrant community of people that helped me grow as a budding medical student and future physician. I know that the experiences I gained from living in both Lubbock and Amarillo have positively shaped me for the future and beyond.
