## BECAUSE YOU GAVE...

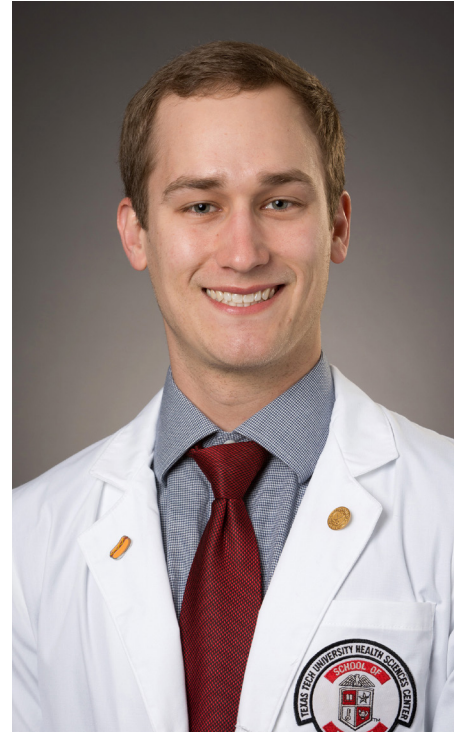

This scholarship will help me by decreasing my loan burden as well as pay towards interview costs so that I may be able to obtain a residency after this year. You are allowing me to explore my options for residency and not worry as much about the financial burden, which I cannot thank you enough for.

## WITH YOUR SUPPORT, I CAN...

I really appreciate your generosity. Because of donors like you, TTUHSC is one of the best schools in the nation for student support. You are truly making a difference in the lives of students, and I hope to repay your generosity to future students one day.

## WHY I CHOSE TTUHSC...

I really appreciate everything that TTUHSC has given to me and all of the available opportunities to grow as a person and future physician. It is clear that the faculty and staff truly do care about the academic and personal success of the students.

## BECAUSE YOU GAVE...

My family has faced financial adversity throughout my life and I grew up watching my mother battle with her own educational and personal debts. I am trying to accumulate as little debt as possible while attaining my doctoral degree in hopes of breaking the financial cycle my family has continuously faced. Through the help of this scholarship, I am allowed to focus on learning how to provide the best care for all of my future patients, and for that I am forever grateful.

## WITH YOUR SUPPORT, I CAN...

Words cannot describe the gratitude I have for being selected as a recipient for this scholarship for the upcoming academic year, which would not have been possible without your generous donation. I was beyond ecstatic when I received my notification and am deeply appreciative of your support. I have just finished the second and third parts of my U.S. medical licensing examinations and am beginning my last year of medical school. I am applying into ophthalmology this fall and will partake in away rotations at Salt Lake City, Utah and Portland, Oregon. I am the first in my family to pursue medicine and it has been an adventure thus far. It is because of giving people such as yourself that I am able to pursue my dreams.

## WHY I CHOSE TTUHSC...

What makes TTUHSC stand apart from all of the other medical schools I interviewed at is the people. From the faculty and staff, to the Dean's Ambassadors, to the people of Lubbock, everyone here has a friendly smile and wants to help you succeed. This type of supportive environment has a drastic impact on the success of our students, and I would not be where I am today without the invaluable guidance from my previous mentors. I am proud to be a part of this amazing medical school.
