BECAUSE YOU GAVE...

The scholarship will help me in my studies as I will have to support myself through school for the most part. I very much appreciate the financial support the scholarship provides as it will allow me to take less debt.

WITH YOUR SUPPORT, I CAN...

I would like to thank the scholarship committee for deciding to award me the scholarship for this year. It will drastically lower the amount that I have to take out in student loans, which is one of the greatest blessings you could have given me.

WHY I CHOSE TTUHSC...

I chose TTUHSC because I liked the school's atmosphere and student body as well as its reputation and role in the West Texas community. When I first visited TTUHSC, I was amazed with the kindness of the faculty, staff and students, and immediately know this was the school for me.

BECAUSE YOU GAVE...

This scholarship will take off some of the burden of paying for tuition and rent over the following year of school. It will be easier to focus on classes and what I need to know to be a good physician knowing that I have less debt to worry about at the end of school.

WITH YOUR SUPPORT, I CAN...

Thank you so much for providing for my scholarship. I really appreciate the extra ability you have given me to focus on my studies and learn how to be the best doctor I can be.

WHY I CHOSE TTUHSC...

I chose TTUHSC because of its reputation in family medicine and because of its high student satisfaction ratings and collaborative atmosphere. I always knew I wanted to be a family physician so I could build lasting relationships with my patients and be their first line of defense. I also look forward to the opportunity to work in an environment where my peers and I can work together to do the most good for our patients.

BECAUSE YOU GAVE...

This scholarship will help relieve some of the financial burden that comes with the rewarding, yet expensive career in medicine.

WITH YOUR SUPPORT, I CAN...

Thank you so much for your generous donation! I will work hard to make sure this scholarship means as much to the school as it means to me.

WHY I CHOSE TTUHSC...

During my interview, I saw that the students and faculty are like family. The students really get along with each other and the faculty was always available and helpful to the students. TTUHSC is also pretty close to home (Abilene) and I felt staying closer to home the next four years would be my best option.

BECAUSE YOU GAVE...

Thank you so much for supporting me. I promise I will not disappoint you! This financial support will allow me to reach my goals and bring health care to the community. Thank you!

WITH YOUR SUPPORT, I CAN...

This scholarship will help me significantly! I just recently graduated from the University of Texas at El Paso with a Ph.D. in biomedical engineering. As I pursue my goal to become a M.D./Ph.D. and positively influence my community, any support is extremely appreciated. The assistance that this scholarship will provide me is invaluable.

WHY I CHOSE TTUHSC...

To put it concisely, I chose to attend TTUHSC because of the people, the education, the environment, and the opportunities. This is the only medical school that treated me as a responsible adult and as a graduate student. All the other medical schools I visited had an approach similar to an undergraduate institution, whereas TTUHSC treated prospective students as physicians from the beginning. The interaction with both the faculty and students truly embodied this fact, which made the decision to attend an easy one. I want to be the best physician I can, and TTUHSC wants this to happen as well.
